SAFETY INFORMATION

WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.

This product contains very small parts which can pose a choking hazard. Adult supervision is recommended, especially for younger builders. Keep all pieces away from small children and pets.

SETUP AND BUILDING INSTRUCTIONS

Follow the detailed step-by-step instructions provided in the kit. The nanoblocks are extremely small (as small as 4mm x 4mm x 5mm), so careful handling is advised. It is recommended to build on a clean, flat surface to prevent losing pieces.

1. Unpack all pieces from the bags. Organize them by color and size if desired, though the instruction manual typically guides you piece by piece.
2. Refer to the instruction diagrams carefully. Each step shows which pieces to use and where to place them.
3. Ensure each block is securely clicked into place for a stable build.
4. Some kits include a clear base piece for stability; ensure this is correctly integrated as per instructions.

MAINTENANCE

- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply firm, even pressure. Due to their micro size, sometimes a small tool like tweezers (not included) can assist in placement.
