nanoblock NAN14621

nanoblock Pokémon Bulbasaur Building Kit (Model NAN14621)

INSTRUCTION MANUAL

Introduction

This manual provides detailed instructions for assembling and caring for your nanoblock Pokémon Bulbasaur Building Kit. nanoblock offers a unique building experience with micro-sized blocks, allowing for intricate detail and realism in your creations. Please read all instructions carefully before beginning assembly.

Safety Information

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.
The nanoblock pieces are extremely small. Keep all components out of reach of young children and pets to prevent accidental ingestion. Adult supervision is recommended for builders under the age of 15.

What's in the Box

Your nanoblock Pokémon Bulbasaur Building Kit includes:

- Bulbasaur [Pokémon] nanoblock pieces (approximately 120 pieces)
- Detailed step-by-step instruction sheet

Assembly Instructions (Setup)

The nanoblock Bulbasaur model consists of approximately 120 micro-sized pieces. Follow the included graphical instructions carefully for optimal assembly. It is recommended to sort pieces by color and shape before you begin.

1. **Unpack Components:** Carefully open the packaging and separate the bags containing the nanoblock pieces. Lay out the instruction sheet on a flat, well-lit surface.
2. **Identify Pieces:** Refer to the instruction sheet to identify the different types and colors of blocks required for each step. The blocks are very small (as small as 4mm x 5mm), so precision is key.
3. **Follow Step-by-Step Diagrams:** The instruction sheet provides detailed diagrams for each layer of the model. Pay close attention to the orientation and placement of each block. Faded sections in the diagrams indicate previously assembled parts.
4. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.
5. **Review Each Step:** Before proceeding to the next step, double-check that your current assembly matches the diagram.

Operating Your Model

Once assembled, your nanoblock Bulbasaur model is designed for display and collection. It is not intended for rough play due to the small, interlocking nature of the blocks.

- **Display:** Place your finished Bulbasaur on a stable surface, shelf, or desk.
- **Collection:** This Bulbasaur model is part of a larger nanoblock Pokémon series. Collect other characters to expand your display.

Maintenance

To keep your nanoblock Bulbasaur model in good condition:

- **Cleaning:** Gently dust the model with a soft brush or cloth. For more thorough cleaning, use a slightly damp cloth and allow it to air dry completely. Avoid harsh chemicals or abrasive materials.
- **Storage:** If disassembling or storing, keep all pieces in a secure container to prevent loss, as they are very small.
- **Handling:** Handle the assembled model with care to avoid accidental breakage or separation of blocks.

Troubleshooting

If you encounter difficulties during assembly:

- **Difficulty with Small Pieces:** Due to their micro size, nanoblock pieces can be challenging to handle. Using tweezers (not included) can aid in precise placement.
- **Instructions Seem Confusing:** Review the diagrams carefully. Pay attention to the faded blocks, which represent previously built sections, and ensure the orientation of new blocks matches the illustration. Sometimes, taking a

short break and returning with fresh eyes can help.

- **Loose Connections:** Ensure each block is pressed down firmly. If a section feels loose, gently re-press the blocks to secure them.
- **Missing Pieces:** While rare, if you believe a piece is missing, double-check your workspace thoroughly. nanoblock kits often include a few extra small pieces.

Specifications

Product Dimensions	1.77 x 1.38 x 1.3 inches
Item Weight	0.6 ounces
Model Number	NAN14621
Manufacturer Recommended Age	15 years and up
Number of Pieces	Approximately 120
Manufacturer	Kawada

Warranty and Support

For specific warranty information or product support, please refer to the contact details provided on the product packaging or visit the official nanoblock website. Keep your proof of purchase for any warranty claims.
