SAFETY INFORMATION

Please read and understand all safety instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or damage to the product.

- This product is for indoor use only. Do not expose to water or moisture.
- Use only the provided 4.5V AC adaptor. Using an incorrect adaptor may damage the product and void the warranty.
- Keep the product and adaptor away from heat sources, open flames, and direct sunlight.
- Do not attempt to open or modify the product or adaptor. There are no user-serviceable parts inside.
- Handle the porcelain building with care as it is fragile and can break if dropped or mishandled.
- Ensure the power cord is routed safely to prevent tripping hazards or damage.
- Unplug the adaptor from the wall outlet when not in use or before cleaning.

PACKAGE CONTENTS

Verify that all items listed below are present and in good condition upon opening the package.

- 1 x Lemax Christmas Village Santa's Cabin (Porcelain Lighted Building)
- 1 x 4.5V AC Adaptor

SETUP

Follow these steps to set up your Santa's Cabin:

1. **Unpack:** Carefully remove the Santa's Cabin and the 4.5V AC adaptor from their packaging. Retain packaging for future storage.
2. **Placement:** Choose a stable, flat, and dry surface for your Christmas village display. Ensure there is a nearby electrical outlet.
3. **Connect Adaptor:** Locate the power input jack on the back or base of the Santa's Cabin. Insert the small plug from the 4.5V AC adaptor into this jack.
4. **Power On:** Plug the 4.5V AC adaptor into a standard electrical wall outlet. The lights on the cabin should illuminate.

OPERATING INSTRUCTIONS

The Lemax Santa's Cabin features a simple on/off control.

- **Power On:** Once the 4.5V AC adaptor is plugged into a wall outlet, the lights on the cabin will turn on automatically.
- **Power Off:** To turn off the lights, simply unplug the 4.5V AC adaptor from the wall outlet.
- **Control Switch:** This model is equipped with an On/Off switch, typically located on the base or back of the unit. Use this switch to toggle the lights without unplugging the adaptor.

MAINTENANCE

Proper care will ensure the longevity and appearance of your Santa's Cabin.

- **Cleaning:** To clean the surface of the porcelain building, gently wipe it with a soft, dry cloth. Do not use abrasive cleaners, solvents, or excessive moisture, as these can damage the finish or electrical components.
- **Storage:** When not in use, store the Santa's Cabin in its original packaging or a protective container in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure it is unplugged and the adaptor is stored safely.
- **Handling:** Always handle the building by its base to minimize stress on delicate features.

TROUBLESHOOTING

If you encounter any issues with your Santa's Cabin, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lights do not turn on.	<ul style="list-style-type: none">◦ Adaptor not properly connected.◦ Adaptor not plugged into outlet.◦ Outlet is not functioning.◦ On/Off switch is in the "Off" position.	<ul style="list-style-type: none">◦ Ensure the adaptor plug is fully inserted into the cabin's power jack.◦ Plug the adaptor firmly into a working electrical outlet.◦ Test the outlet with another device.◦ Toggle the On/Off switch to the "On" position.
Lights flicker or are dim.	<ul style="list-style-type: none">◦ Loose connection.◦ Power supply issue.	<ul style="list-style-type: none">◦ Check all connections for tightness.◦ Ensure the adaptor is securely plugged into a stable power source.
