4. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your PUMA shoulder bag.

4.1 Cleaning Instructions

- **Spot Cleaning:** For minor dirt or stains, use a soft, damp cloth with a mild soap solution. Gently wipe the affected area.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or bleach, as these can damage the synthetic material.
- **Drying:** Allow the bag to air dry completely away from direct sunlight or heat sources. Do not machine wash or tumble dry.

4.2 Storage

When not in use, store the bag in a cool, dry place away from direct sunlight to prevent material degradation and color fading. You may stuff it lightly with tissue paper to help maintain its shape.

5. TROUBLESHOOTING

This section addresses common issues you might encounter.

- **Stuck Zipper:** If a zipper becomes stiff or stuck, gently rub a small amount of graphite (from a pencil) or a zipper lubricant along the teeth. Avoid forcing the zipper.
- **Minor Scratches/Scuffs:** For light marks on the synthetic material, a soft, slightly damp cloth can sometimes buff them out. Avoid aggressive rubbing.
- **Odor:** If an odor develops, air out the bag in a well-ventilated area. Placing a sachet of baking soda inside for a few days can also help absorb odors.
