# Ion Titanium Ceramic Travel Gator Flat Iron 1-Inch User Manual

Model: SBS-301013

## 1. INTRODUCTION

---

The Ion Titanium Ceramic Travel Gator Flat Iron is designed for convenient and effective hair styling. Featuring titanium and ceramic plates, this compact tool provides consistent, even heat for straightening, curling, and flipping hair. Its dual voltage capability makes it suitable for worldwide use.

## 2. SAFETY INFORMATION

---

**Please read all safety warnings before use to prevent injury or damage.**

- **Burn Hazard:** Surfaces become extremely hot during operation. Avoid direct contact with skin.
- **Electric Shock Risk:** Do not use this appliance near water, including bathtubs, sinks, or other water sources. Keep the appliance dry.
- **Fire Risk:** Always unplug the appliance when not in use. Never leave the appliance unattended while it is plugged in or operating.
- Keep out of reach of children.

## 3. PRODUCT FEATURES

---

- **Titanium and Ceramic Plates:** Deliver an ultra-smooth surface with constant, even heat for superior styling.
- **Compact and Versatile Design:** Small size fits easily in purses, gym bags, desks, or overnight bags, ideal for travel.
- **Snag-Free Styling:** Titanium plates provide a durable surface that eliminates pulling and ensures smooth gliding.
- **Negative Ion and Far-Infrared Heat:** Ceramic plates emit negative ions and far-infrared heat to condition hair from the inside out, promoting moisture and shine.
- **Adjustable Heat Settings:** Temperature range from 300°F to 410°F (149°C to 210°C).
- **Dual Voltage:** Compatible with 100-240V for worldwide use.
- **Insulated Travel Pouch:** Included for safe storage and transport.

## 4. PACKAGE CONTENTS

---

- Ion Titanium Ceramic Travel Gator Flat Iron (1-Inch)
- Insulated Travel Pouch

## 5. SETUP

---

1. Unpack the flat iron and remove all packaging materials.
2. Ensure the flat iron is clean and free from any debris.
3. Plug the appliance into a suitable electrical outlet. The dual voltage feature automatically adjusts to local voltage (100-240V).

## 6. OPERATING INSTRUCTIONS

---

### 6.1 Power On/Off

- To turn on the flat iron, slide the power switch to the 'ON' position.

- To turn off the flat iron, slide the power switch to the 'OFF' position.

## 6.2 Temperature Adjustment

- The flat iron features adjustable heat settings ranging from 300°F to 410°F.
- Use the temperature dial to select your desired heat level. Lower temperatures are recommended for fine or damaged hair, while higher temperatures are suitable for thick or coarse hair.

# SMALL, VERSATILE & GREAT FOR TRAVEL

## ADJUSTABLE HEAT SETTINGS from 300°F - 410°F

## CERAMIC PLATES Emits negative ions & far- infrared heat to moisturize & condition

## 6.3 Styling Hair

1. Ensure hair is clean, dry, and detangled before styling.
2. Divide hair into small, manageable sections.
3. For straightening: Place a section of hair between the plates, close the plates gently, and glide the iron slowly from roots to ends.
4. For curling or flipping: Place a section of hair between the plates, rotate the iron 180 degrees, and gently pull through the hair, maintaining the rotation.
5. Repeat for all sections until desired style is achieved.
6. After use, turn off the flat iron and unplug it from the power outlet. Allow it to cool completely before

storing.

## 7. MAINTENANCE

---

- Always ensure the flat iron is unplugged and completely cool before cleaning.
- Wipe the plates and exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
- Do not immerse the appliance in water or any other liquid.
- Store the flat iron in its insulated travel pouch in a dry, safe place when not in use.

## 8. TROUBLESHOOTING

---

- **Appliance does not heat up:** Ensure the power cord is securely plugged into a working outlet and the power switch is in the 'ON' position.
- **Hair is not styling effectively:** Ensure hair is clean and dry. Adjust the temperature setting to a higher level if your hair type requires more heat. Work with smaller sections of hair.
- **Appliance emits unusual smell or smoke:** Immediately unplug the appliance and discontinue use. Contact customer support.

## 9. SPECIFICATIONS

---
