

Outre DUBY XPRESS 10

Outre DUBY XPRESS 10 Human Hair Blend Weave

Instruction Manual

1. PRODUCT OVERVIEW

The Outre DUBY XPRESS 10 is a human hair blend weave designed for versatile styling. This product features a premium mix of human hair, offering a natural look and feel. It is a weave/hair extension with a track/weft, measuring an overall length of 10 inches. The DUBY XPRESS line is known for allowing great style creativity, including one-directional bumping, and is designed to be used without the need for additional curling, flat ironing, or cutting to achieve the intended style. Typically, one pack is sufficient for one complete style.

2. USAGE AND APPLICATION

This product is a hair weave/extension designed for integration with natural hair. Application typically involves sewing the weft onto braided natural hair or using adhesive methods. For optimal results and to ensure proper installation that protects your natural hair, professional application by a qualified stylist is recommended. The DUBY XPRESS 10 is pre-styled for one-directional bumping, minimizing the need for further heat styling or cutting after installation.

3. CARE AND MAINTENANCE

Proper care and maintenance are essential to prolong the life and appearance of your Outre DUBY XPRESS 10 hair weave. Follow these guidelines for washing:

1. **Washing:** Wash the hair using a gentle shampoo and a softening conditioner.
2. **Drying:** Avoid using a hair dryer, as this can cause the hair to become dry and tangled. Air drying is recommended.
3. **Combing:** Do not use a fine-tooth brush or comb, as this can lead to shedding. Use a wide-tooth comb or your fingers to gently detangle.
4. **Frequency:** It is suggested to wash the hair approximately twice per week, or as needed based on usage and environmental factors.

4. TROUBLESHOOTING

If you encounter common issues with your hair weave, consider the following:

- **Tangling:** Ensure you are following the recommended washing and combing instructions. Excessive heat or harsh brushing can contribute to tangling. Use a leave-in conditioner or detangling spray.
- **Shedding:** Minor shedding is normal, especially during the first few washes. If shedding is excessive, re-evaluate your combing technique and ensure you are not using fine-tooth combs. Avoid pulling or tugging on the hair.
- **Dryness:** Ensure the hair is adequately conditioned. Avoid over-washing and excessive heat exposure.

5. SPECIFICATIONS

Brand	Outre
-------	-------

Model	DUBY XPRESS 10
Hair Type	Human Hair Blend
