CARE AND MAINTENANCE

- **Cleaning:** To clean the figure, gently wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the paint or material.
- **Storage:** Store the figure in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation or color fading.
- **Handling:** Handle the figure with care, especially when posing articulated parts, to avoid breakage.

TROUBLESHOOTING

The Bandai Ultraman Kaiju Ultra Monster figures are generally robust. However, if you encounter any issues:

- **Stiff Joints:** If an articulated joint feels stiff, gently warm the area with a hairdryer on a low setting for a few seconds (do not overheat) to make the vinyl more pliable, then carefully attempt to move the joint.
- **Ultra Live Sign Not Recognized:** Ensure the Ultra Live Sign ID badge on the figure's foot is clean and making full contact with the compatible device. Refer to the instruction manual of your DX Ginga (Galaxy) Spark unit or other Ultra Live device for specific troubleshooting steps.
