

Elero MonoTel 2

Elero MonoTel 2 Remote Control User Manual

Model: MonoTel 2 | Brand: Elero

1. INTRODUCTION

The Elero MonoTel 2 is a pure white, 1-channel remote control operating at an 868 MHz wireless radio frequency. It is designed for convenient control of roller shutters, blinds, and awnings. This manual provides essential information for the setup, operation, and maintenance of your device.

Figure 1: Front view of the Elero MonoTel 2 Remote Control. The device is white with a dark grey base, featuring three central buttons: an upper square button, a circular button with an orange ring, and a lower square button. The Elero logo is visible on the dark grey base.

2. KEY FEATURES

- **Easy-to-use On/Off Buttons:** Designed for intuitive control with a clear LED viewing window.
- **Magnetic Wall Mount:** For convenient storage and accessibility.
- **Battery Powered:** Uses common batteries (not included).
- **Versatile Compatibility:** Supports both unidirectional and bidirectional radio systems.
- **Advanced Control Options:** Allows for intermediate positioning and ventilation functions.

3. SETUP

3.1. Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Open the compartment cover.
3. Insert the required common batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

3.2. Pairing with Receiver

Refer to the instruction manual of your Elero receiver (e.g., for roller shutters, blinds, or awnings) for specific pairing procedures. Generally, this involves:

- Activating the programming mode on your receiver.
- Pressing a specific button sequence on the MonoTel 2 remote control within a set timeframe.
- Confirming successful pairing, often indicated by an LED on the receiver or the remote.

3.3. Wall Mount Installation

The MonoTel 2 comes with a magnetic wall mount. Choose a suitable location, ensuring it is within range of your controlled devices. Secure the wall mount using appropriate screws (not included) and then simply attach the remote control to the magnetic mount.

4. OPERATING INSTRUCTIONS

The MonoTel 2 remote control features three primary buttons for operation:

- **Upper Square Button:** Typically used for *Up* or *Open* functions (e.g., raising a shutter).
- **Circular Button (with orange ring):** Functions as the *Stop* or *Intermediate Position* button. Pressing it during movement will stop the device. A quick press can activate a pre-set intermediate position.
- **Lower Square Button:** Typically used for *Down* or *Close* functions (e.g., lowering a shutter).

4.1. Basic Control

- To move the device **up/open**: Press the **Upper Square Button**.
- To move the device **down/close**: Press the **Lower Square Button**.
- To **stop** the device: Press the **Circular Button** during movement.

4.2. Intermediate Position and Ventilation

If configured with your receiver, a short press of the **Circular Button** can activate a pre-programmed intermediate position. Consult your receiver's manual for programming these advanced functions.

5. MAINTENANCE

5.1. Cleaning

Wipe the remote control with a soft, dry cloth. Do not use abrasive cleaners or solvents, as these can damage the surface.

5.2. Battery Replacement

When the LED viewing window indicates low battery or the remote's range decreases, replace the batteries as described

in the "Battery Installation" section (3.1). Dispose of old batteries responsibly according to local regulations.

6. TROUBLESHOOTING

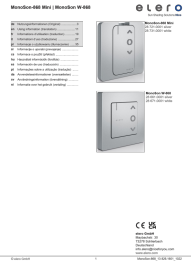

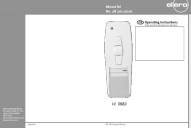

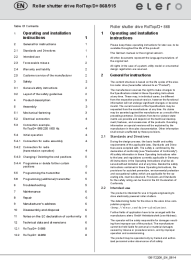

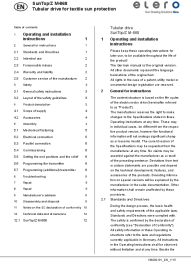

Problem	Possible Cause	Solution
Remote control not responding.	Dead or incorrectly installed batteries.	Check battery polarity or replace batteries.
Limited range or intermittent operation.	Low battery power; interference; remote too far from receiver.	Replace batteries. Ensure no large metal objects are blocking the signal. Move closer to the receiver.
Device not pairing with receiver.	Incorrect pairing procedure; receiver not in programming mode.	Review the pairing instructions for both the remote and your specific Elero receiver. Ensure the receiver is in programming mode.
LED indicator not lighting up.	No power (dead batteries).	Replace batteries.

7. SPECIFICATIONS

Brand	Elero
Model	MonoTel 2
Color	Pure White
Frequency	868 MHz
Channels	1 Channel
Battery Included	No
ASIN	B00EZPYUJ8
Manufacturer	Elero

8. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the documentation provided with your purchase or visit the official Elero website. Keep your proof of purchase for warranty claims.
Manufacturer: Elero

	elero MonoSon-868 Mini & W-868 Radio Transmitter User Manual Comprehensive user manual for the elero MonoSon-868 Mini and MonoSon W-868 bidirectional radio transmitters. Covers product description, safety instructions, intended use, scope of delivery, functional features, cleaning, conformity, service information, control elements, programming modes (asynchronous, synchronous), deleting connections, battery replacement, disposal, technical data, troubleshooting, and controlling roller shutters/sun protection systems.
	elero MonoTel Radio Handheld Transmitter Operating Instructions Comprehensive operating instructions for the elero MonoTel radio handheld transmitter, covering safety, functions, programming, and troubleshooting.
	elero RolTop/D+ 868/915 Tubular Motor Drive: Operating & Installation Guide Official operating and installation guide for the elero RolTop/D+ 868/915 radio-controlled tubular motor drive. Covers safety, assembly, electrical setup, programming, troubleshooting, and technical specifications for roller shutter automation.
	elero SunTop/Z M-868 Tubular Drive: Operating and Installation Manual Comprehensive operating and installation instructions for the elero SunTop/Z M-868 tubular drive, designed for textile sun protection systems. Includes safety guidelines, product description, assembly, commissioning, troubleshooting, and technical data.
	elero ProLine 2 Sender: Status LED and Programming Guide User guide for elero ProLine 2 radio control senders, detailing status LED indicators and bidirectional programming procedures. Learn how to set up, manage, and troubleshoot your elero ProLine 2 system.
	elero LumeroSon-868 Series Radio Transmitter User Manual Comprehensive user manual for the elero LumeroSon-868, LumeroSon-868 Slide, LumeroSon-868 Mini, and LumeroSon W-868 radio transmitters. Covers product description, safety instructions, functional features, programming, troubleshooting, technical data, and system control.
