

AEG AEF144

AEG AEF144 Internal Filter User Manual

For Rapido & Ergorapido Vacuum Cleaners

1. INTRODUCTION

This manual provides essential information for the proper use and maintenance of your AEG AEF144 Internal Filter. Designed for AEG Rapido and Ergorapido vacuum cleaners, this filter is crucial for maintaining optimal suction performance and air quality. Each pack contains two internal filters.

Regular cleaning and timely replacement of the filter are vital to ensure the longevity and efficiency of your vacuum cleaner.

2. COMPATIBILITY

The AEG AEF144 internal filter is specifically designed for the following AEG vacuum cleaner models:

- **AEG Rapido:** AG 5103, 5104, 5106, 5108, 5112
- **AEG Rapido:** AG 6106, 6108, 6114, AG6118
- **AEG Ergorapido:** AG 18PLUS, AG 3001, 3002, 3003, 3005, 3006, 3010, 3011, 3012, 3013
- **Other Compatible Models:** CX7, HX6

Please verify your vacuum cleaner's model number to ensure proper fit and function.

3. INSTALLATION AND REPLACEMENT

To install or replace the internal filter, follow these general steps. Specific instructions may vary slightly depending on your vacuum cleaner model. Always refer to your vacuum cleaner's user manual for detailed instructions.

1. **Power Off:** Ensure your vacuum cleaner is turned off and unplugged from the power source before beginning any maintenance.
2. **Locate Filter Compartment:** Identify the filter compartment on your Rapido or Ergorapido vacuum cleaner. This is typically located near the dustbin.
3. **Remove Old Filter:** Carefully open the compartment and remove the used filter. Dispose of the old filter responsibly.
4. **Insert New Filter:** Place the new AEG AEF144 internal filter into the compartment, ensuring it is

seated correctly and securely.

5. **Close Compartment:** Close the filter compartment securely.

Image: The AEG AEF144 internal filter is shown alongside two compatible vacuum cleaner models: the AEG Rapido handheld vacuum and the AEG Ergorapido stick vacuum. The image illustrates the filter's design and its intended use with these devices.

4. MAINTENANCE AND CLEANING

Regular maintenance of your AEG AEF144 filter is essential for optimal performance and to extend the life of your vacuum cleaner.

- **Easy Clean Function:** The filter is designed for easy cleaning. After each use, or as needed, remove the filter from the vacuum cleaner.
- **Cleaning Method:** Gently tap the filter to dislodge dust and debris. For a more thorough clean, you may rinse the filter under running water. Ensure the filter is completely dry before reinserting it into the vacuum cleaner.
- **Regular Replacement:** To maintain the brilliant performance of your cleaner and ensure optimal suction power, it is recommended to change the filter regularly. The frequency of replacement depends on usage, but generally, filters should be replaced every 3-6 months.

5. TROUBLESHOOTING

If you experience reduced suction power or notice an unusual odor from your vacuum cleaner, the filter may be clogged or require replacement.

- **Reduced Suction:** A dirty or clogged filter restricts airflow, leading to decreased suction. Clean the filter as described in the Maintenance section. If suction does not improve, replace the filter.
- **Unusual Odor:** Accumulated dust and debris in the filter can cause unpleasant odors. Clean or

replace the filter to resolve this issue.

Always ensure the filter is correctly installed and clean for efficient operation.

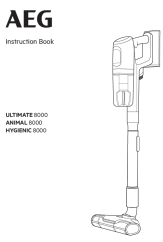

6. SPECIFICATIONS

Feature	Detail
Model Number	AEF144
Brand	AEG
Product Dimensions	5.12 x 5.12 x 2.56 inches
Item Weight	1.41 ounces
Material	Paper
Number of Pieces	2
Reusability	Reusable (with cleaning)

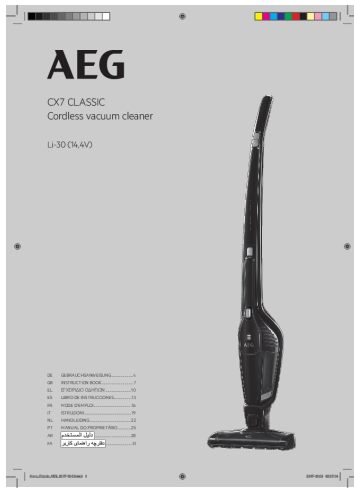

7. WARRANTY AND SUPPORT

Warranty information for the AEG AEF144 Internal Filter is not provided within this manual. For details regarding warranty coverage, product support, or further assistance, please refer to the official AEG website or contact AEG customer service directly.

Geachte klant,

Voor dit product is momenteel geen handleiding aanwezig. Dit kan een aantal oorzaken hebben:

- 1) Voor dit product is geen handleiding nodig;
- 2) Wij maken momenteel nog een handleiding voor dit product.

Ondersteuning garantie

Wij geven ondersteuning op alle producten, ook na de aankoop kunt u vragen stellen over het gebruik, de kwaliteit en levens advies voor installatie.

Hiermee garanderen wij dat producten die u van Europefans koopt altijd versterkt afgeleverd worden, en als dat onverhoopt niet is, dat we dit samen oplossen.
