

## Gastroback 42325

# Gastroback 42325 Milk Frother Instruction Manual

Model: 42325

## 1. IMPORTANT SAFETY INSTRUCTIONS

Please read these instructions carefully before using the appliance and keep them for future reference. Incorrect operation can lead to damage to the appliance and injury to the user.

- Always ensure the voltage indicated on the rating label matches your mains supply voltage.
- Do not immerse the appliance base, cord, or plug in water or any other liquid.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Unplug from the outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Do not use outdoors.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Avoid contact with moving parts.
- Do not use the appliance for anything other than its intended use.
- Always ensure the lid is securely closed before operating.
- Do not fill above the maximum fill line to avoid overflow.
- The surface of the heating element is subject to residual heat after use.

## 2. PRODUCT OVERVIEW

The Gastroback 42325 Milk Frother is designed to create perfect hot or cold milk foam for various beverages, and to heat milk or cocoa. It features a unique floating milk foam spiral with a magnetic drive system, ensuring efficient frothing without direct coupling.

Key features include:

- Magnetic drive system for the milk foam spiral.

- Removable milk foam spiral for easy cleaning.
- Prepares hot and cold milk foam (max. 350 ml).
- Heats milk or cocoa (max. 250 ml).
- Integrated heating function.
- Quiet operation.
- 360° free rotation.
- Automatic shut-off.
- Illuminated "Soft Touch" on/off switch.
- Non-stick coating for easy cleaning.

Figure 2.1: The Gastroback 42325 Milk Frother in white, showing the main unit with the power button.

Figure 2.2: The removable milk frothing spiral, designed for easy cleaning and efficient frothing.

Figure 2.3: Interior view of the frother, showing the non-stick coating and the placement of the frothing spiral.

### 3. SETUP AND FIRST USE

---

Before using your Gastroback 42325 Milk Frother for the first time, please follow these steps:

1. **Unpack:** Carefully remove all packaging materials and ensure all components are present.
2. **Clean:** Wash the milk jug interior and the frothing spiral with warm soapy water. Rinse thoroughly and dry. Do not immerse the base unit in water.
3. **Placement:** Place the frother on a stable, flat, heat-resistant surface, away from water sources.
4. **Insert Spiral:** Place the frothing spiral securely onto the central pin inside the jug.
5. **Connect Power:** Plug the power cord into a suitable electrical outlet (220-240V, 50/60Hz).

Your frother is now ready for operation.

### 4. OPERATING INSTRUCTIONS

---

The Gastroback 42325 Milk Frother offers versatile options for preparing milk-based beverages.

#### 4.1. Preparing Hot Milk Foam

---

1. Ensure the frothing spiral is correctly placed inside the jug.

2. Pour cold milk into the jug. Do not exceed the "MAX FOAM" fill line (approximately 350 ml).
3. Place the lid securely on the jug.
4. Press the illuminated "Soft Touch" on/off switch once. The light will illuminate, and the frother will begin to heat and froth the milk.
5. The frother will automatically switch off once the desired temperature and foam consistency are reached.
6. Carefully remove the lid and pour the frothed milk.

## 4.2. Preparing Cold Milk Foam

---

1. Ensure the frothing spiral is correctly placed inside the jug.
2. Pour cold milk into the jug. Do not exceed the "MAX FOAM" fill line (approximately 350 ml).
3. Place the lid securely on the jug.
4. Press and hold the illuminated "Soft Touch" on/off switch for approximately 2 seconds. The light will illuminate, and the frother will begin to froth the milk without heating.
5. The frother will automatically switch off after a few minutes, or you can press the button again to stop it manually.
6. Carefully remove the lid and pour the frothed milk.

## 4.3. Heating Milk or Cocoa

---

To heat milk or cocoa without frothing, remove the frothing spiral from the jug.

1. Remove the frothing spiral from the jug.
2. Pour milk or cocoa into the jug. Do not exceed the "MAX HEAT" fill line (approximately 250 ml).
3. Place the lid securely on the jug.
4. Press the illuminated "Soft Touch" on/off switch once. The light will illuminate, and the frother will begin to heat the liquid.
5. The frother will automatically switch off once the desired temperature is reached.
6. Carefully remove the lid and pour the heated liquid.

Figure 4.1: The Gastroback 42325 Milk Frother is available in both white and black finishes.

Figure 4.2: A hand adding frothed milk to a cup of coffee, demonstrating a common use of the frother.

Figure 4.3: A top-down view of a frothed drink, garnished with chocolate shavings, showcasing the quality of foam produced.

## 5. MAINTENANCE AND CLEANING

Regular cleaning ensures the longevity and optimal performance of your milk frother.

1. **Unplug:** Always unplug the appliance from the power outlet before cleaning.
2. **Cool Down:** Allow the frother to cool completely before handling.
3. **Remove Components:** Remove the lid and the frothing spiral from the jug.
4. **Wash Jug Interior:** Wash the interior of the jug and the frothing spiral with warm water and a mild detergent. The non-stick coating makes cleaning easy. Use a soft sponge or cloth to avoid scratching the surface.
5. **Rinse and Dry:** Rinse all parts thoroughly with clean water and dry them completely.
6. **Clean Exterior:** Wipe the exterior of the frother base with a damp cloth. Do not use abrasive cleaners or scourers.
7. **Do Not Immerse:** Never immerse the main base unit (with electrical components) in water or any other liquid.
8. **Storage:** Store the frother in a dry place when not in use.

*Note: The manufacturer recommends hand washing only for the jug and frothing spiral.*

## 6. TROUBLESHOOTING

If you encounter issues with your Gastroback 42325 Milk Frother, please consult the following table before contacting customer support.

| Problem                               | Possible Cause                                                                                     | Solution                                                                                                                                                        |
|---------------------------------------|----------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Frother does not turn on.             | Not plugged in; power outage; faulty outlet.                                                       | Ensure the frother is securely plugged in. Check the power outlet with another appliance.                                                                       |
| Milk is not frothing or foam is poor. | Incorrect milk type/temperature; frothing spiral not installed correctly; milk level too high/low. | Use cold, fresh milk (full-fat milk generally froths best). Ensure the frothing spiral is properly seated. Do not exceed the "MAX FOAM" line.                   |
| Milk is not heating.                  | Frothing spiral is present (for heating only mode); milk level too high/low.                       | Remove the frothing spiral for heating only. Do not exceed the "MAX HEAT" line. Ensure the correct button press (single press for hot foam/heat).               |
| Appliance stops unexpectedly.         | Automatic shut-off activated; overheating.                                                         | This is normal operation for automatic shut-off. If it stops prematurely, unplug and let it cool down for 10-15 minutes before restarting.                      |
| Burning smell.                        | Milk residue on heating plate; overheating.                                                        | Unplug immediately. Allow to cool. Clean the interior thoroughly, ensuring no milk residue remains. If the smell persists, discontinue use and contact support. |

## 7. SPECIFICATIONS

Detailed technical specifications for the Gastroback 42325 Milk Frother.

## I. Postanowienia ogólne

- [illegible]

### III. Zasady uczestnictwa w Promocji

1. Uczestnik Przemysłu jest klientem, który w Skłapie Interwentowym (Jedn. Obs. w okresie obowiązywania Przemysłu) jest zarejestrowany w Skłapie, z którymi Zamawiający ma umowę o świadczenie usług. Zamawiający może wyznaczyć jednego z uczestników Przemysłu jako swojego głównego partnera, na którego powołanie, może również decydować o zawarciu z nim zawartego z Zamawiającym Regulaminu Skłapy.
2. W ramach Skłapy Interwentowej uczestnik Przemysłu może wyznaczyć jednego z uczestników Przemysłu, na którego powołanie, może również decydować o zawarciu z nim zawartego z Zamawiającym Regulaminu Skłapy.
3. Organizator automatyzacji zgodził się na realizację: **OLPORDAKM** (Kod, przy którym zamawiający może wyznaczyć uczestnika Przemysłu) i **OLPORDAKM2** (Kod, przy którym zamawiający może wyznaczyć uczestnika Przemysłu) w Zamówieniu. **OLPORDAKM** i **OLPORDAKM2** to kody, których wskazanie w Zamówieniu jest warunkiem koniecznym dla realizacji zamówienia.
4. Kody te nadaje się automatycznie na każdy Podany Przemysł po dodaniu Podanego Przemysłu do Przemysłu Podanego Zamawiającego.
5. Kody te nadaje się automatycznie na każdy Podany Przemysł w ramach Skłapy Interwentowej.
6. Zamawiający może być wyznaczony przez planistę zlecającego w Skłapie Interwentowej. W tym celu Zamawiający musi być zarejestrowany w Skłapie Interwentowej. Zamawiający może być wyznaczony przez planistę zlecającego w Skłapie Interwentowej, jeżeli wyznaczenie to jest zgodne z Regulaminem Skłapy Interwentowej.
7. Kod nie może być użyty do podawania zamówienia zgodnie z podanym adresem Zamawiającego.
8. Kod nie może być użyty do zmiany danych reklamodawcy dostawcy w Skłapie Interwentowej.
9. Zamawiający może być wyznaczony przez planistę zlecającego w Skłapie Interwentowej. W tym celu Zamawiający musi być zarejestrowany w Skłapie Interwentowej. Zamawiający może być wyznaczony przez planistę zlecającego w Skłapie Interwentowej, jeżeli wyznaczenie to jest zgodne z Regulaminem Skłapy Interwentowej.

Szczegółowy regulamin promocji 'Ole Promka' na wybrane małe urządzenia AGD w sklepie internetowym OleOle!, trwającej od 13 do 27 stycznia 2021 roku. Sprawdź zasady, produkty objęte promocją i rabaty.
