Hot Wheels BGK04

Hot Wheels Color Shifters Sharkport Showdown Playset Instruction Manual

Brand: Hot Wheels

Model: BGK04

INTRODUCTION

The Hot Wheels Color Shifters Sharkport Showdown Playset offers an exciting, action-packed experience where vehicles navigate a thrilling track while interacting with a giant car-chomping shark. This playset features unique color-change capabilities for the included vehicle, adding an extra layer of dynamic play.

Key Features:

- Dynamic track design with a tower ramp for high-speed action.
- Interactive chomping shark mechanism that can trap vehicles.
- Release lever to free captured cars and continue the race.
- Two distinct color-change zones: a dunk tank and a splash pool.
- Includes one Color Shifters car with a repeat color-change feature.
- Connects to other Hot Wheels tracks for expanded play possibilities.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

Adult supervision is recommended during play, especially when using water for the color-change features.

WHAT'S IN THE BOX

- 1 Hot Wheels Color Shifters Sharkport Showdown Playset (includes tower, ramp, chomping shark, and release lever)
- 1 Color Shifters Car
- Integrated dunk tank and splash pool for color-change action

SETUP

Assembly:

1. Carefully unpack all components from the box.
2. Connect the main track pieces, ensuring they click securely into place. Refer to the included visual instructions for specific connection points.
3. Attach the tower and ramp sections to the main playset base.
4. Secure the chomping shark mechanism to its designated track section.
5. Ensure the release lever is properly installed and moves freely.
6. Position the dunk tank and splash pool sections as indicated in the assembly guide.

Battery Installation:

This playset requires 3 AAA batteries (not included) for certain features. Locate the battery compartment, typically on the base or tower, and insert the batteries according to the polarity indicators (+/-). Securely close the compartment cover.

OPERATING INSTRUCTIONS

Basic Play:

1. Place the included Color Shifters car at the top of the tower ramp.
2. Release the car to send it speeding down the track towards the shark.
3. The shark's jaws are designed to chomp and potentially trap the vehicle.
4. If a car is trapped, send another vehicle down the ramp and aim for the release lever to free the trapped car.

Color-Change Feature:

- Fill the dunk tank with warm water and the splash pool with cold water (or vice versa, depending on desired color change).
- Submerge the Color Shifters car in the warm water to activate one color.
- Then, submerge the car in the cold water to change it to another color.
- The car's color will change repeatedly as it moves between different water temperatures.

MAINTENANCE

- After use, especially with water, ensure all parts of the playset are thoroughly dried to prevent mold or damage.
- Wipe down surfaces with a damp cloth as needed. Do not use harsh chemicals or abrasive cleaners.
- Store the playset in a clean, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

- **Shark Jaw Not Chomping/Stuck:** Ensure no debris is obstructing the mechanism. Check that all track connections are secure and aligned correctly. If the issue persists, gently manipulate the jaw to ensure free movement.
- **Cars Not Changing Color:** Verify that the water temperatures in the dunk tank and splash pool are sufficiently different (one warm, one cold). Extreme temperatures are not required, but a noticeable difference is key for the color-change effect.
- **Cars Not Launching Properly:** Ensure the release lever is fully reset before placing a car. Check for any obstructions on the ramp or track.

SPECIFICATIONS

Product Dimensions	17.72 x 29.53 x 19.69 inches
Item Weight	1 pound

Country of Origin	China
Item Model Number	BGK04
Manufacturer Recommended Age	4 years and up
Batteries Required	3 AAA batteries (not included)
Release Date	November 1, 2013
Language	English
Manufacturer	Mattel
