Hot Wheels BGX71

Hot Wheels Track Builder Triple Blast Alley Stunt Pack

Instruction Manual

1. Introduction

The Hot Wheels Track Builder Triple Blast Alley Stunt Pack enhances your Hot Wheels track system with three dynamic, car-activated stunt zones. This manual provides essential information for assembly, operation, and care to ensure a fun and safe play experience.

2. Safety Information

- **CPSIA Warning:** Choking Hazard (small parts). Not suitable for children under 3 years.
- Recommended for ages 4 years and up.
- Adult supervision is recommended during play.
- Do not modify the product.

3. Package Contents

Your Hot Wheels Track Builder Triple Blast Alley Stunt Pack includes the following components:

- Three (3) Triple Blast Alley stunt pieces (one silver, one blue, one green).
- Instruction sheet (this document).

Image 1: Overview of the three Triple Blast Alley stunt pieces with blast mechanisms in their initial, retracted state.

4. Setup

The Triple Blast Alley Stunt Pack is designed for quick and easy assembly, typically taking about 1 minute. No batteries are required.

1. **Unpack Components:** Carefully remove all three stunt pieces from the packaging.
2. **Connect to Track:** Each stunt piece features connection points designed to easily attach to existing orange Hot Wheels track sections. Align the connectors on the stunt piece with your track and snap them into place.
3. **Arrange Stunts:** Position the three stunt pieces along your track layout as desired. They can be placed consecutively for a 'triple blast' effect or spread out to create multiple challenge points.

Image 2: Side view of the stunt pieces, highlighting the track connection points for integration into your Hot Wheels system.

5. Operating Instructions

The Triple Blast Alley stunts are car-activated, providing an interactive element to your races.

1. **Launch a Car:** Use a Hot Wheels launcher or gravity to send a car down the track towards the stunt pieces.
2. **Trigger the Blast:** As a Hot Wheels car races through each Triple Blast Alley stunt piece, it will trigger an action-packed blast mechanism. The blast disc will pop out, creating a visual effect.
3. **Reset Stunts:** After a car passes, manually push the blast disc back into its retracted position to reset the stunt for the next car.

Image 3: The three stunt pieces with their blast mechanisms activated, showing the visual effect when a car passes through.

6. Maintenance

To ensure the longevity and proper function of your Triple Blast Alley Stunt Pack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stunt pieces with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the stunt pieces in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Inspection:** Periodically inspect the stunt pieces for any signs of damage or wear. Discontinue use if any parts are broken or compromised.

7. Troubleshooting

If you encounter any issues with your Triple Blast Alley Stunt Pack, consider the following:

- **Stunt Not Activating:**
  - Ensure the car has sufficient speed and momentum to trigger the mechanism.
  - Check that the blast disc is fully reset before the car approaches.
  - Verify that the car is passing directly through the activation point.
- **Difficulty Connecting to Track:**
  - Ensure you are using standard Hot Wheels orange track pieces.
  - Align the connectors carefully and apply gentle, even pressure. Do not force connections.

8. Specifications

Feature	Detail
Brand	Hot Wheels
Model Name	Triple Blast Alley
Model Number	BGX71
Material	Plastic
Dimensions (L x W x H)	10.2 x 5.7 x 21.6 cm (each piece, approximate)
Recommended Age	4 years and up
Assembly Time	1 Minute
Batteries Required	No

9. Warranty and Support

For information regarding product warranty, please refer to the official Hot Wheels website or contact their customer service. Hot Wheels products are typically covered by a limited warranty against manufacturing defects.
