Philips AVENT SCF145/07 BPA Free Bottle Brush Instruction Manual

MODEL: SCF145/07

INTRODUCTION

The Philips AVENT SCF145/07 BPA Free Bottle Brush is designed for effective and thorough cleaning of baby bottles and nipples. Its specialized design ensures access to hard-to-reach areas, promoting hygiene for your baby's feeding equipment.

Key Features:

- BPA Free construction for safety.
- Dishwasher safe for convenient cleaning.
- Unique curved brush head for comprehensive bottle cleaning.
- Molded tip designed for effective nipple and teat cleaning.
- Durable, high-density bristles for efficient residue removal.

PRODUCT FEATURES OVERVIEW

Curved Brush Head

The brush features a unique curved head with durable, high-density bristles. This design allows the brush to reach all internal surfaces of baby bottles, including the bottom and curved edges, ensuring no milk residue is left behind.

Molded Tip for Nipple Cleaning

The handle of the brush incorporates a molded tip specifically designed for cleaning nipples and teats. This tip allows for gentle yet effective cleaning of small openings and intricate shapes without causing damage.

BPA Free Material

Constructed from BPA-free plastic, this bottle brush ensures that no harmful chemicals leach into your baby's feeding equipment during cleaning.

USAGE INSTRUCTIONS

Initial Use

Before first use, wash the bottle brush thoroughly with warm soapy water or place it in the dishwasher. Rinse completely.

Cleaning Bottles

1. Rinse the bottle with cold water immediately after use to remove loose milk residue.
2. Apply a small amount of baby-safe dish soap to the brush head.
3. Insert the curved brush head into the bottle and scrub all interior surfaces, including the bottom and sides, using a rotating motion.
4. Rinse the bottle thoroughly under running water until all soap and residue are gone.

Cleaning Nipples and Teats

1. Detach the nipple/teat from the bottle.
2. Use the molded tip on the handle of the brush to gently clean the inside of the nipple, paying

attention to the feeding hole and any crevices.

3. Ensure all milk residue is removed.
4. Rinse the nipple/teat thoroughly under running water.

MAINTENANCE

The Philips AVENT Bottle Brush is dishwasher safe. For best results and to maintain hygiene, place it on the top rack of your dishwasher. Alternatively, wash by hand with warm soapy water and rinse thoroughly. Store the brush in a clean, dry place, away from direct sunlight or heat, to prolong its lifespan.

TROUBLESHOOTING

Ineffective Cleaning

- Ensure sufficient soap is used and all surfaces are scrubbed.
- If bristles appear worn or bent, the brush may need replacement for optimal cleaning performance.

Bristle Discoloration

- Discoloration can occur over time due to food pigments but does not affect the brush's cleaning efficacy.
- Regular cleaning and proper storage can help minimize discoloration.

SPECIFICATIONS

Attribute	Detail
Model Number	SCF145/07
Product Dimensions	1.57 x 1.97 x 11.02 inches
