2. SAFETY INFORMATION

Always supervise children during play. Ensure the climber is placed on a level, soft surface, such as grass or rubber mulch, away from hard surfaces, fences, or other obstacles. Regularly inspect the product for loose parts or damage.

- Recommended Age: 24 months to 6 years (Manufacturer Maximum Age: 72 months).
- Maximum Weight Recommendation: 60 pounds.
- Ensure all components are securely fastened before use.
- Do not allow children to climb on the outside of the structure.
- Keep the play area clear of debris and hazards.

3. SETUP AND ASSEMBLY

The Little Tikes 2-in-1 Castle Climber requires assembly. Follow the steps below for proper installation.

1. Unpack all components and verify against the parts list (not provided in this manual, refer to original packaging).
2. Place the main base sections on a flat, level surface.
3. Attach the climbing walls and platforms using the provided fasteners. Ensure all connections are tight.
4. Secure the slide to the main structure.
5. Double-check all connections for stability before allowing children to play.

5. MAINTENANCE

Regular maintenance ensures the longevity and safety of your climber.

- **Cleaning:** Clean the plastic surfaces with mild soap and water. Avoid abrasive cleaners.
- **Inspection:** Periodically check all nuts, bolts, and plastic connections for tightness. Tighten as necessary.
- **Weather Protection:** While designed for outdoor use, prolonged exposure to extreme weather may affect material integrity. Consider moving indoors or covering during harsh conditions.
- **Water Drainage:** After rain, ensure water does not collect in the slide's base to prevent dirt accumulation.

6. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|-------------------------|-----------------------------------|--|
| Climber feels unstable. | Loose fasteners or uneven ground. | Tighten all nuts and bolts. Relocate to a level surface. |

| Problem | Possible Cause | Solution |
|----------------------------------|----------------------------------|--|
| Plastic components appear faded. | Prolonged sun exposure. | This is normal wear. Consider covering when not in use to minimize further fading. |
| Water collects on slide. | Natural accumulation after rain. | Wipe dry before use to prevent dirt transfer. |
