Zinus 2 Inch Green Tea Cooling Gel Memory Foam Mattress Topper

ZINUS 2 Inch Green Tea Cooling Gel Memory Foam Mattress Topper - Queen Size Instruction Manual

Your guide to setting up, using, and maintaining your ZINUS mattress topper.

Introduction

Thank you for choosing the ZINUS 2 Inch Green Tea Cooling Gel Memory Foam Mattress Topper. This manual provides essential information for the proper setup, use, and care of your new mattress topper to ensure optimal comfort and longevity. Please read these instructions carefully before use.

Setup Instructions

Follow these steps to properly set up your new ZINUS mattress topper:

1. **Unpack the Topper:** Carefully remove the mattress topper from its packaging. Avoid using sharp objects that could damage the foam.
2. **Unroll and Position:** Place the compressed and rolled topper on a clean, flat surface, preferably directly on top of your mattress. Unroll the topper completely.
3. **Allow for Expansion:** The memory foam topper is compressed for shipping. Allow up to 48-72 hours for the topper to fully expand to its original shape and size. Room temperature can affect expansion time; warmer rooms may facilitate faster expansion.
4. **Ventilation:** During the initial expansion period, a faint odor, commonly known as 'new foam scent,' may be present. This is normal and harmless. Ensure the room is well-ventilated to dissipate the scent.

Usage Guidelines

Once fully expanded, your ZINUS mattress topper is ready for use. Place it directly on top of your existing mattress. For best results, cover both the topper and your mattress with a fitted sheet to keep the topper securely in place and protect it from spills and wear.

Care and Maintenance

Proper care will extend the life and performance of your mattress topper:

- **Spot Cleaning:** For minor spills or stains, spot clean with a mild detergent and water. Gently blot the affected area and allow it to air dry completely before covering.
- **Avoid Soaking:** Do not machine wash or submerge the foam topper in water, as this can damage the foam structure and integrity.
- **Rotation:** To ensure even wear and prolong comfort, rotate your mattress topper every 3-6 months.
- **Protection:** Using a mattress protector or a fitted sheet is highly recommended to shield the topper from dirt, dust, and spills.
- **Ventilation:** Periodically air out the topper by removing bedding to allow for fresh air circulation.

Troubleshooting

Here are solutions to common concerns you might encounter:

- **Odor:** If a new foam scent persists, ensure the room is well-ventilated. The odor is non-toxic and typically dissipates within a few days to a week.
- **Slow Expansion:** If the topper has not fully expanded after 72 hours, ensure it is laid flat in a warm room. Cooler temperatures can slow down the expansion process. Gently massaging the foam can sometimes help.
- **Uneven Expansion:** If certain areas appear to expand slower, try to gently stretch and flatten those sections by hand.

Product Specifications

Feature	Description
Brand	Zinus
Model	2 Inch Green Tea Cooling Gel Memory Foam Mattress Topper
Size	Queen
Thickness	2 Inches
Material	Cooling Gel-infused Memory Foam
Special Feature	Cooling, Pressure Relief, CertiPUR-US Certified
