Content Overview

This collection features a variety of award-winning films and spectacular footage, all presented in stereoscopic 3D. The total runtime is approximately 2 hours and 36 minutes, offering a comprehensive introduction to high-quality 3D technology.

The content explores diverse themes and visual experiences, designed to showcase the capabilities of 3D. While specific segment titles are navigated via the disc's on-screen menu, expect a range of immersive scenes from nature, space, and various dynamic environments.

Troubleshooting

If you encounter issues during playback, consider the following:

Problem	Possible Cause	Solution
No 3D effect / Flat image	3D mode not activated on display or player. Incorrect HDMI connection.	Ensure your Blu-ray player and display are both 3D-compatible and their 3D modes are enabled. Check HDMI cable connection. Verify you are using compatible 3D glasses.
Disc does not play	Disc is dirty or scratched. Player is not Blu-ray compatible.	Clean the disc gently with a soft, lint-free cloth from the center outwards. Ensure your player supports Blu-ray discs.
Audio or subtitle issues	Incorrect settings on player or disc menu.	Access the disc's on-screen menu or use your remote's audio/subtitle buttons to select desired options.
