## Magnussen D2491-04

# Magnussen Bellamy Wood Buffet Curio Cabinet User Manual

Model: D2491-04 | Brand: Magnussen

## 1. INTRODUCTION

This manual provides essential information for the safe and proper use, care, and maintenance of your Magnussen Bellamy Wood Buffet Curio Cabinet. Please read these instructions thoroughly before using the product and retain them for future reference.

The Bellamy Buffet Curio Cabinet is designed to provide elegant storage and display space, featuring pine solids and antique brass hardware with a pewter overlay. Its robust construction ensures durability and functionality for various household needs.

## 2. SAFETY INFORMATION

- Always place the cabinet on a level, stable surface to prevent tipping.
- Do not overload shelves or drawers. Distribute weight evenly.
- Keep children away from open doors and drawers to prevent accidents.
- Avoid climbing or standing on the cabinet.
- If moving the cabinet, empty it first and lift with assistance to prevent injury and damage.
- This product contains wood and may be subject to California Proposition 65 warnings.

## 3. PRODUCT FEATURES

The Magnussen Bellamy Wood Buffet Curio Cabinet offers the following key features:

- Traditional Styling: Classic design elements suitable for various decor.
- Constructed from Pine Solids with Antique Brass with Pewter Overlay Hardware: Ensures durability and aesthetic appeal.
- Buffet Curio features 2 adjustable shelves behind glass doors: Provides flexible storage and display options.
- Levelers on legs: Allows for stability on uneven floors.

- Drawers are sealed for dustproofing: Protects contents from dust accumulation.
- Multi-step finish process: Enhances the wood's appearance and longevity.

## 4. SETUP AND PLACEMENT

---

This Magnussen Bellamy Wood Buffet Curio Cabinet comes fully assembled. No additional assembly is required.

1. **Unpacking:** Carefully remove all packaging materials. Inspect the cabinet for any signs of damage during transit. Report any damage to the retailer immediately.
2. **Placement:** Choose a suitable location for your cabinet. Ensure the floor is level and capable of supporting the cabinet's weight (approximately 196.2 pounds) and its contents. Avoid placing the cabinet in direct sunlight or near heat sources to prevent wood warping or fading.
3. **Leveling:** The cabinet is equipped with levelers on its legs. Adjust these levelers as needed to ensure the cabinet sits firmly and without wobbling on your floor. Turn clockwise to raise, counter-clockwise to lower.

## 5. OPERATING INSTRUCTIONS

---

### 5.1. Doors and Drawers

- **Opening/Closing:** Gently pull the antique brass handles to open the glass doors and drawers. Push firmly but gently to close. Avoid slamming to prevent damage to hinges and wood.
- **Dustproofing:** The drawers are sealed to minimize dust entry. Ensure drawers are fully closed to maintain this feature.

*Image 2: A close-up view of the cabinet with one of its doors open, showing an interior shelf for storage.*

## 5.2. Adjustable Shelves

The curio section features two adjustable shelves, allowing you to customize the storage space according to your needs.

1. **Adjusting Shelves:** To adjust a shelf, carefully remove any items from it. Lift the shelf slightly and pull it out. Reposition the shelf supports to the desired height and then place the shelf back onto the supports, ensuring it is level and secure.
2. **Weight Capacity:** Do not exceed the recommended weight capacity for each shelf. Distribute items evenly to prevent bowing or damage.

## 6. CARE AND MAINTENANCE

---

### 6.1. Cleaning

- **Wood Surfaces:** Dust regularly with a soft, dry cloth. For deeper cleaning, use a slightly damp cloth with a mild wood cleaner, then immediately wipe dry with a clean, soft cloth. Avoid abrasive cleaners or harsh chemicals.
- **Glass Doors:** Clean glass with a standard glass cleaner and a soft, lint-free cloth. Spray cleaner onto the cloth, not directly onto the glass, to prevent overspray onto wood surfaces.
- **Hardware:** Wipe antique brass hardware with a soft, dry cloth. Avoid using metal polishes or abrasive cleaners, as they may damage the pewter overlay finish.

### 6.2. General Care

- **Temperature and Humidity:** Maintain a consistent room temperature and humidity level to prevent wood from expanding, contracting, or cracking.
- **Spills:** Wipe up spills immediately with a soft, dry cloth to prevent water marks or damage to the finish.
- **Protection:** Use coasters or placemats under hot or wet items to protect the top surface.
- **Moving:** When moving the cabinet, always lift it rather than dragging it to prevent damage to the legs and frame.

## 7. TROUBLESHOOTING

---

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Cabinet wobbles	Uneven floor surface	Adjust the levelers on the cabinet legs until stable.
Drawers stick or are difficult to open/close	Dust or debris in glides; humidity causing wood expansion	Clean drawer glides. If wood expansion is suspected, ensure proper humidity levels in the room. Avoid forcing drawers.
Scratches or minor blemishes on wood	Normal wear and tear; accidental impact	Use a wood repair kit or consult a professional furniture restorer for significant damage.
