2. SETUP AND UNBOXING

The Hot Wheels Treasure Hunt Bad to The Blade Chase 2013 car comes ready for immediate use. No assembly is required.

Unboxing Instructions:

1. Carefully remove the car from its packaging. Ensure no small plastic or cardboard pieces remain attached to the vehicle.

2. Inspect the car for any visible damage or manufacturing defects.
3. Retain packaging for future reference or storage, especially if the item is a collectible.

Safety Note: This product contains small parts and is recommended for ages 36 months - 6 years. Adult supervision is advised for younger children to prevent choking hazards.

3. OPERATING YOUR HOT WHEELS CAR

Your Hot Wheels die-cast car is designed for imaginative play and racing on compatible Hot Wheels tracks.

Basic Operation:

- Place the car on a flat, smooth surface or a Hot Wheels track.
- Gently push the car forward to initiate movement. The low-friction axles allow for smooth rolling.
- For track play, ensure the car is properly aligned with the track grooves before launching.

Experiment with different speeds and track configurations to discover the car's performance capabilities. This model is ideal for both free-play and structured racing scenarios.

4. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Hot Wheels car.

Cleaning Instructions:

- Wipe the car with a soft, dry cloth to remove dust and fingerprints.
- For stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and gently clean the surface.
- Avoid submerging the car in water, as this can damage the metal components and paint finish.

Storage:

- Store the car in a cool, dry place away from direct sunlight to prevent fading or material degradation.
- For collectors, consider displaying the car in its original packaging or a protective display case.

5. TROUBLESHOOTING

Most issues with Hot Wheels die-cast cars are minor and easily resolved.

Problem	Possible Cause	Solution
Car does not roll smoothly.	Debris in axles or damaged wheels.	Check wheels for hair or lint and carefully remove. Ensure wheels are not bent or damaged.
Paint chipping or fading.	Rough play, exposure to harsh elements, or age.	Minimize rough play. Store away from direct sunlight. For collectors, this may be considered natural wear.
Car does not stay on track.	Incorrect launch angle or track alignment.	Ensure the car is placed correctly on the track and launched straight. Check track connections for proper alignment.
