Melitta 8-12 Cup Basket Coffee Filter Paper Instruction Manual

PRODUCT OVERVIEW

The Melitta 8-12 Cup Basket Filter Paper provides a reliable and natural filtration solution for your coffee brewing needs. These natural brown, unbleached filters are designed to fit most 8-12 cup basket-style electric coffeemakers, ensuring a clean and flavorful cup of coffee. Each pack contains 100 filters, with this product offering a total of 400 filters across four packs.

KEY FEATURES

- **Quantity:** Four packs of 100-count filter papers, totaling 400 filters.
- **Durability:** Melitta basket filters are designed to hold their shape and resist tearing during the brewing process.
- **Material:** Made from natural brown, chlorine-free paper for a pure coffee taste.
- **Packaging:** Each 100-count package is poly bag wrapped for freshness and protection.
- **Compatibility:** Specifically designed to fit most 8-12 cup basket-style electric coffeemakers.

USAGE INSTRUCTIONS: FOR COFFEE MAKERS

Follow these steps for optimal coffee brewing with your Melitta basket filters:

1. **Prepare Coffeemaker:** Ensure your 8-12 cup basket-style electric coffeemaker is clean and ready for use.
2. **Insert Filter:** Place one Melitta basket filter into the filter basket of your coffeemaker, ensuring it sits flat and covers the bottom and sides.

3. **Add Coffee Grounds:** Measure and add your desired amount of coffee grounds into the filter. Adjust quantity according to personal preference.
4. **Add Water:** Fill the coffeemaker's water reservoir with the appropriate amount of fresh, cold water.
5. **Brew Coffee:** Start your coffeemaker and allow the brewing cycle to complete.
6. **Dispose:** After brewing, carefully remove the filter basket with the used grounds and filter. Dispose of the filter and grounds responsibly.

ALTERNATIVE USE: AS MASK FILTERS

Melitta basket filters can be adapted as an additional layer of filtration for cloth face masks that feature an internal pocket. This method can enhance the mask's protective qualities by adding an extra barrier.

1. **Prepare Filter:** Take one Melitta basket filter. If the filter is too large for your mask's pocket, gently fold it to a suitable size. The pleated design allows for flexible shaping.
2. **Insert into Mask:** Carefully slide the folded coffee filter into the designated filter pocket of your cloth face mask. Ensure it lies as flat and evenly as possible within the pocket.
3. **Adjust:** Adjust the filter inside the mask to cover the breathing area effectively.
4. **Wear Mask:** Wear your mask as usual, ensuring a snug fit over your nose and mouth.
5. **Replace:** Replace the coffee filter insert regularly, ideally after each use or if it becomes damp or soiled.

PRODUCT SPECIFICATIONS

Material	Paper
Brand	Melitta
Shape	Basket
Number of Pieces	400
Unit Count	400 Count
Package Dimensions	11.18 x 5.98 x 3.27 inches
Item Weight	13.4 ounces
Item Model Number	CECOMINOD061013
UPC	798527323060, 798837750495, 735343590030

MAINTENANCE AND CARE

Melitta basket filters are designed for single-use and are disposable. No maintenance or cleaning is required. For optimal performance and hygiene, always use a fresh filter for each brew or mask application.

TROUBLESHOOTING

- **Filter Tearing:** Ensure the filter is properly seated in the basket and not overfilled with coffee grounds. Avoid excessive force when handling.
- **Slow Drip/Overflow:** This may indicate too many coffee grounds, too fine a grind, or an improperly seated filter. Adjust coffee quantity or grind size, and ensure the filter is correctly placed.
- **Weak Coffee:** Check that you are using the recommended amount of coffee grounds for your desired strength and water volume.

WARRANTY AND SUPPORT

For specific warranty information or product support, please refer to the official Melitta website or contact Melitta customer service directly. As a consumable product, these filters typically do not carry an extended warranty, but Melitta stands by the quality of its products.
