3. SETUP AND ASSEMBLY

Follow these steps to assemble your Ferplast Giulietta 5 bird cage. It is recommended to assemble the cage on a flat, stable surface.

1. **Unpack Components:** Carefully remove all parts from the packaging and check against the package contents list.
2. **Assemble the Base:** Ensure the pull-out tray mechanism is correctly aligned with the base frame.
3. **Attach Side Panels:** Connect the wire mesh side panels to the wooden frame using the provided hardware. Ensure all connections are secure.
4. **Install Top Panel:** Secure the top wire mesh panel to the assembled sides.
5. **Insert Perches:** The modular plastic perches can be arranged in various configurations. Insert them through the wire mesh at desired heights and angles.
6. **Attach Feeders and Water Bottles:** Secure the Brava swivel feeders and drinking bottles to the cage exterior, ensuring they are accessible from inside the cage and easy to refill.
7. **Add Accessories:** Place the bird swing and vegetable clips inside the cage as desired.

4. OPERATING INSTRUCTIONS

To ensure a safe and comfortable environment for your bird, observe the following guidelines:

- **Cage Placement:** Position the cage in a quiet, draft-free area away from direct sunlight and extreme temperatures.
- **Feeding:** Fill the Brava swivel feeders with appropriate bird seed. These feeders can be rotated outwards for easy refilling without opening the main cage door.
- **Water Supply:** Ensure the drinking bottle is always filled with fresh, clean water. Check daily.
- **Perches:** Adjust the modular perches to provide varied heights and textures for your bird's feet, promoting exercise and preventing foot problems.
- **Introducing Your Bird:** Gently introduce your bird to its new home. Allow time for adjustment.

5. MAINTENANCE

Regular cleaning is crucial for your bird's health and hygiene.

1. Daily Cleaning:

- Remove and clean the pull-out tray daily. Dispose of droppings and old food.
- Refill water bottles with fresh water.
- Replenish food in feeders.

2. Weekly Cleaning:

- Thoroughly clean the entire cage, including wire mesh, perches, and accessories, using a bird-safe disinfectant or mild soap and water. Rinse thoroughly.
- Ensure all parts are completely dry before reassembling and returning your bird to the cage.

6. TROUBLESHOOTING

If you encounter any issues with your Ferplast Giulietta 5 bird cage, refer to the following common solutions:

- **Difficulty Assembling:** Ensure all parts are correctly oriented according to the diagrams. Do not force components. If a part seems ill-fitting, double-check the instructions.
- **Tray Sticking:** If the pull-out tray is difficult to slide, ensure it is free of debris and properly aligned within its runners. Clean any accumulated dirt.
- **Feeders/Water Bottles Leaking:** Check that feeders and water bottles are securely attached and that their seals are intact. Ensure water bottles are filled correctly to create a vacuum seal.
- **Unstable Cage:** Verify that all screws and connectors are tightened securely. Ensure the cage is placed on a flat, level surface.
