

## THOMAS 786522

# THOMAS Aqua+ 786522 Anti-Allergy Vacuum Cleaner User Manual

**Model:** 786522

**Brand:** THOMAS

## 1. INTRODUCTION AND PRODUCT OVERVIEW

---

This manual provides essential information for the safe and efficient operation of your THOMAS Aqua+ 786522 Anti-Allergy Vacuum Cleaner. This appliance is designed to effectively clean various surfaces while trapping dust, mites, and pollen in its unique AQUA+ filtration system, ensuring cleaner exhaust air.

## 2. SAFETY INSTRUCTIONS

---

Please read all safety instructions carefully before using the appliance. Retain this manual for future reference.

- Always ensure the power supply matches the voltage specified on the appliance.
- Do not operate the vacuum cleaner with a damaged cord or plug.
- Do not vacuum flammable or combustible materials, hot ashes, or sharp objects.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Unplug the appliance from the power outlet before cleaning or performing maintenance.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

## 3. PACKAGE CONTENTS

---

Verify that all components are present in the packaging:

- THOMAS Aqua+ 786522 Vacuum Cleaner Unit
- Flexible Suction Hose
- Telescopic Suction Tube
- Switchable Floor Nozzle

- Crevice Tool
- Upholstery Nozzle
- AQUA+ Filter Box
- HEPA 13 Filter (washable)

## 4. SETUP

---

Follow these steps to prepare your vacuum cleaner for first use:

1. **Assemble the Suction System:** Connect the flexible suction hose to the vacuum cleaner unit. Attach the telescopic suction tube to the hose handle. Select the appropriate nozzle (e.g., floor nozzle) and attach it to the telescopic tube.
2. **Prepare the AQUA+ Filter Box:** Open the vacuum cleaner unit. Remove the AQUA+ filter box. Fill the AQUA+ filter box with the recommended amount of clean water (refer to markings on the box). Carefully place the filled AQUA+ filter box back into the vacuum cleaner unit and close the lid securely.
3. **Power Connection:** Extend the power cord and plug it into a suitable electrical outlet (240 Volts).

Video: This video demonstrates the assembly of the THOMAS Aqua+ 786522 vacuum cleaner, including attaching the hose and telescopic tube, selecting different nozzles, and preparing the AQUA+ filter system by filling it with water. It also shows the power cord connection.

## 5. OPERATING INSTRUCTIONS

---

Your THOMAS Aqua+ vacuum cleaner offers powerful cleaning with its water filtration system.

- **Power On/Off:** Press the power button located on the unit to turn the vacuum cleaner on or off.
- **Suction Power Adjustment:** The appliance features 2 power levels. Adjust the suction power using the controls on the unit to suit the cleaning task and surface type.
- **Using Nozzles:**
  - **Switchable Floor Nozzle:** Ideal for hard floors and carpets. Adjust the brush setting as needed.
  - **Crevice Tool:** Use for narrow spaces, corners, and edges.
  - **Upholstery Nozzle:** Suitable for cleaning furniture, curtains, and other textile surfaces.
- **Cleaning Surfaces:** Move the nozzle slowly and steadily over the surface to allow the vacuum to effectively pick up dirt and bind it in the water filter.

## 6. MAINTENANCE AND CLEANING

---

Regular maintenance ensures optimal performance and longevity of your vacuum cleaner.

- **Emptying and Cleaning the AQUA+ Filter Box:** After each use, carefully remove the AQUA+ filter box. Dispose of the dirty water. Rinse the filter box thoroughly with clean water and allow it to air dry completely before reassembling.
- **Cleaning the HEPA 13 Filter:** The HEPA 13 filter is washable. Refer to the specific instructions in the full manual for washing and drying procedures. Ensure it is completely dry before reinstallation.
- **General Cleaning:** Wipe the exterior of the vacuum cleaner unit with a damp cloth. Do not use abrasive cleaners or solvents.

- **Nozzle Maintenance:** Periodically check nozzles for blockages or tangled debris (especially the floor nozzle). Clean as necessary.

## 7. TROUBLESHOOTING

---

If you encounter issues with your vacuum cleaner, refer to the following common problems and solutions:

- **No Power:** Check if the power cord is securely plugged into the outlet and the vacuum cleaner. Ensure the outlet is functional.
- **Loss of Suction:** Check for blockages in the hose, telescopic tube, or nozzle. Ensure the AQUA+ filter box is correctly filled with water and properly seated. Check if the HEPA filter is clean and not clogged.
- **Unusual Noise:** Turn off the vacuum cleaner immediately. Check for any foreign objects caught in the brush roll or fan. Ensure all components are correctly assembled.
- **Water Leakage:** Ensure the AQUA+ filter box is correctly installed and sealed. Do not overfill the water tank.

For persistent issues, contact customer support.

## 8. SPECIFICATIONS

---

Feature	Specification
Model Number	786522
Dimensions (L x W x H)	48.59 x 31.8 x 34.7 cm
Weight	8 kg (17.64 lbs)
Power (Wattage)	1700 Watts
Voltage	240 Volts
Capacity (Water Tank)	1.8 Liters
Filter Type	AQUA+ System, Washable HEPA 13 Filter
Special Feature	Bagless
Surface Recommendation	Hard Floor, Carpet, Upholstery
Control Method	Touch
Connectivity Technology	WLAN (Note: Functionality may vary by model variant)
Country of Origin	Germany
