

Puig 1482F

Puig 1482F Dark Smoke Windy Windshield User Manual

Model: 1482F

INTRODUCTION

This manual provides essential instructions for the proper installation, operation, and maintenance of your Puig 1482F Dark Smoke Windy Windshield. Please read this manual thoroughly before installation and retain it for future reference. Correct installation and care ensure optimal performance and longevity of the product.

SAFETY INFORMATION

- Always wear appropriate personal protective equipment during installation.
- Ensure the motorcycle is stable and secure before beginning any work.
- Do not overtighten fasteners, as this can damage components. Refer to your motorcycle's service manual for specific torque specifications if applicable.
- Verify all components are securely fastened before operating the motorcycle.
- If you are unsure about any part of the installation process, consult a qualified mechanic.

PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged. The standard package for the Puig 1482F Dark Smoke Windy Windshield typically includes:

- 1 x Puig 1482F Dark Smoke Windy Windshield
- Mounting hardware kit (brackets, screws, washers, nuts) - *Note: Some users have reported missing hardware. Please check your package carefully.*
- Installation instructions (may be generic or specific)

If any items are missing or damaged, contact your retailer or Puig customer support immediately.

INSTALLATION GUIDE

The Puig 1482F Windy Windshield is designed for universal fitment on motorcycles with round headlights, typically utilizing the headlight mounting points. Specific installation steps may vary slightly depending on your motorcycle model. The following steps provide a general guide.

Tools Required:

- Hex key set (Allen wrenches)
- Wrench set
- Phillips head screwdriver
- Soft cloth
- Protective gloves

Installation Steps:

1. **Prepare the Motorcycle:** Park the motorcycle on a level surface and ensure it is stable. Turn off the engine and remove the ignition key.
2. **Identify Mounting Points:** The windshield typically mounts to the headlight bracket bolts. Locate these bolts on your motorcycle.
3. **Attach Brackets:** Secure the provided mounting brackets to the windshield using the smaller screws and washers. Do not fully tighten yet.
4. **Position Windshield:** Carefully align the windshield with the motorcycle's headlight. The brackets should align with the headlight mounting bolts.
5. **Secure to Motorcycle:** Loosely attach the windshield assembly to the motorcycle's headlight mounting points using the longer bolts and nuts.
6. **Adjust Position:** Adjust the angle and height of the windshield for optimal fit and rider comfort. Ensure it does not interfere with steering or controls.
7. **Tighten Fasteners:** Once the desired position is achieved, progressively tighten all mounting bolts. Start with the bolts securing the brackets to the motorcycle, then tighten the bolts securing the windshield to the brackets. Ensure all connections are firm but do not overtighten.
8. **Final Check:** Verify that the windshield is securely mounted and does not wobble. Check for any interference with other motorcycle components.

Figure 1: The Puig 1482F Dark Smoke Windy Windshield. This image illustrates the general appearance and mounting points of the windshield. The dark smoke tint is visible, and the lower mounting tabs are designed to integrate with existing headlight hardware.

OPERATION AND PERFORMANCE

The Puig 1482F Windy Windshield is designed to deflect wind and reduce rider fatigue, particularly at higher speeds. Its "Windy" design aims to create a bubble of calmer air behind the screen. Performance may vary based on motorcycle model, rider height, and riding conditions.

- **Wind Deflection:** The windshield is engineered to redirect airflow over and around the rider, potentially reducing direct wind pressure on the chest and helmet.
- **Visibility:** The dark smoke tint provides a stylish appearance. Ensure that the tint does not impair your visibility, especially in low-light conditions.
- **Stability:** A properly installed windshield should not negatively impact the motorcycle's stability. If you experience any instability, re-check the installation.

MAINTENANCE

Proper maintenance ensures the longevity and clarity of your windshield.

- **Cleaning:** Clean the windshield regularly with a soft cloth and mild soap and water. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can scratch or damage the acrylic material. Rinse thoroughly and dry with a clean, soft cloth.
- **Inspection:** Periodically inspect the windshield and its mounting hardware for any signs of damage, cracks, or loose fasteners. Tighten any loose bolts as necessary.
- **Storage:** When not in use for extended periods, store the motorcycle in a shaded area or cover the windshield to protect it from prolonged exposure to direct sunlight, which can cause material

degradation over time.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Windshield vibrates or rattles	Loose mounting hardware.	Check and tighten all bolts and nuts. Ensure rubber washers or grommets are correctly seated if included.
Excessive wind buffeting	Incorrect angle or height adjustment.	Adjust the windshield's angle and height. Small changes can significantly affect airflow.
Scratches or haziness on surface	Improper cleaning methods or abrasive materials used.	Use only soft cloths and mild soap for cleaning. Avoid dry wiping. Minor scratches may be polished with specialized acrylic polish.
Windshield does not fit correctly	Incorrect model for motorcycle or missing/incorrect mounting hardware.	Verify the windshield model (1482F) is compatible with your motorcycle. Contact retailer if hardware is incorrect or missing.

SPECIFICATIONS

Model: Puig 1482F Windy Windshield

Color: Dark Smoke

Material: High-impact acrylic

Dimensions (Package): Approximately 15.75 x 15.75 x 5.91 inches (40 x 40 x 15 cm)

Item Weight: Approximately 1.1 pounds (0.5 kg)

Manufacturer: Puig

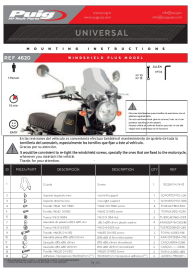

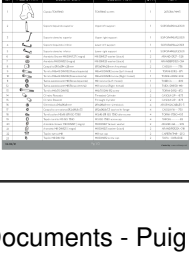

Country of Origin: Spain

WARRANTY AND SUPPORT

For information regarding warranty coverage, product support, or to purchase replacement parts, please contact your authorized Puig dealer or visit the official Puig website. Keep your proof of purchase for warranty claims.
