

## NKOK 4711

# NKOK Lalaloopsy Sewing Machine Bead Applicator Model 4711 Instruction Manual

Your guide to assembly, operation, and maintenance.

## 1. INTRODUCTION

---

Thank you for purchasing the NKOK Lalaloopsy Sewing Machine Bead Applicator, Model 4711. This manual provides essential information for the safe and effective use of your new sewing machine. Please read all instructions carefully before assembly and operation to ensure proper function and to prevent damage.

This product is designed for creative activities and includes features such as a tension wheel, foot pedal, and bead applicator functionality. It comes with a sewing box, accessories, precut fabric, and pop-in decoration beads.

## 2. IMPORTANT SAFETY INSTRUCTIONS

---

- Always supervise children during use.
- Keep fingers away from the needle area during operation.
- Do not immerse the machine in water.
- Use only the recommended power source.
- Turn off and unplug the machine when not in use or when changing accessories.
- Keep small parts away from young children to prevent choking hazards.

## 3. WHAT'S INCLUDED

---

Verify that all components are present before beginning assembly or operation.

- Lalaloopsy Sewing Machine
- Foot Pedal
- Bead Applicator Attachment
- Sewing Box with Accessories (e.g., thread spools, measuring tape)
- Precut Fabric Pieces
- Pop-in Decoration Beads
- Instruction Manual (this document)

## 6. MAINTENANCE

### 6.1 Cleaning

- Always unplug the machine before cleaning.
- Wipe the exterior of the machine with a soft, dry cloth.
- Use a small brush to remove lint and dust from the bobbin area and under the needle plate.
- Do not use liquid cleaners or abrasive materials.

### 6.2 Storage

- Store the machine in a dry, cool place, away from direct sunlight.
- Keep all accessories, including the foot pedal and bead applicator, together in the provided sewing box or a designated storage container.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Machine does not turn on.	Not plugged in; power switch off; faulty power adapter.	Check power connection; ensure switch is ON; try a different outlet.
Stitches are loose or uneven.	Incorrect threading; tension wheel improperly set.	Re-thread the machine carefully (Section 4.3); adjust the tension wheel.
Needle breaks frequently.	Incorrect needle size for fabric; pulling fabric forcefully.	Ensure correct needle is used; guide fabric gently, do not pull.

Problem	Possible Cause	Solution
Beads do not attach properly.	Applicator not correctly attached; beads not loaded correctly.	Verify applicator attachment; ensure beads are properly loaded.
