

Keter 215526

Keter Iowa Chair Grafite Instruction Manual

Model: 215526

Brand: Keter

INTRODUCTION

Thank you for choosing the Keter Iowa Chair Grafite. This instruction manual provides essential information for the safe assembly, operation, maintenance, and care of your new outdoor armchair. Please read this manual thoroughly before assembly and keep it for future reference.

Image: Keter Iowa Chair Grafite, a dark grey outdoor armchair with a high backrest and a light grey seat cushion, featuring a woven rattan-like texture.

SAFETY INFORMATION

Your safety is paramount. Please adhere to the following safety guidelines:

- Do not exceed the maximum recommended weight of 150 kg (approximately 330 lbs). Overloading can cause damage to the chair and potential injury.
- Keep the chair away from strong heat sources, such as open flames, heaters, or prolonged direct exposure to extreme temperatures, as this may deform or damage the plastic material.
- The chair is designed for both indoor and outdoor use. However, always follow specific care and maintenance recommendations for each environment to ensure longevity.
- Ensure all components are correctly assembled and securely fastened before use. Regularly check for loose parts.

COMPONENTS LIST

Before beginning assembly, verify that all parts are present and undamaged. The package typically includes:

- Chair backrest
- Chair seat
- Armrests (left and right)
- Legs (typically integrated or attachable)
- Assembly hardware (plastic bolts, nuts, and a wrench)
- Seat cushion
- Instruction manual (this document)

If any parts are missing or damaged, please contact Keter customer support.

SETUP AND ASSEMBLY

The Keter Iowa Chair Grafite requires assembly. Detailed assembly instructions are provided within the product packaging. Please follow the visual diagrams carefully.

1. Unpack all components and lay them out on a clean, flat surface.
2. Identify each part according to the assembly diagram.
3. Begin by attaching the main structural components, ensuring all connections are aligned.
4. Secure all connections using the provided plastic bolts and nuts. Hand-tighten initially, then use the included wrench for a firm, secure fit. Avoid over-tightening to prevent stripping the plastic.
5. Attach the seat cushion to the chair.
6. Once assembled, gently test the chair for stability before full use.

***Note:** Some users have reported that assembly may require patience due to the precise nature of the plastic fittings. Ensure parts are correctly aligned before applying force.*

OPERATING AND USAGE

The Keter Iowa Chair Grafite is designed for comfortable seating in various environments. Its key features include:

- **High Backrest:** The chair features a raised backrest designed for maximum comfort and support.
- **Rattan Texture:** The durable plastic material is molded with an attractive rattan-like texture, providing an elegant aesthetic suitable for garden, patio, or indoor settings.
- **Included Seat Cushion:** A comfortable seat cushion is provided for enhanced seating experience.

This chair is suitable for use in gardens, on balconies, patios, or as additional seating indoors. Always place the chair on a stable, level surface.

MAINTENANCE

To ensure the longevity and appearance of your Keter Iowa Chair Grafite, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the chair regularly with a damp cloth to remove dust and dirt. For more stubborn stains, use a mild soap solution and rinse thoroughly with water. Avoid abrasive cleaners or harsh chemicals, as these can damage the plastic.

- **Cushion Care:** The seat cushion can be spot cleaned with a mild detergent. Allow it to air dry completely before re-using or storing.
- **Storage:** During prolonged periods of non-use, especially in harsh weather conditions (e.g., extreme cold, heavy snow, or intense sun), it is recommended to store the chair indoors or cover it with a protective cover to prevent premature wear and fading.
- **Inspection:** Periodically check all connections and fasteners to ensure they remain tight and secure. Re-tighten if necessary.

TROUBLESHOOTING

If you encounter any issues with your Keter Iowa Chair Grafite, consider the following common solutions:

Problem	Possible Cause / Solution
Chair feels unstable or wobbly after assembly.	Ensure all plastic bolts and nuts are fully tightened. Re-check that all components are correctly interlocked according to the assembly instructions. Sometimes, disassembling and reassembling a problematic joint can resolve alignment issues.
Difficulty during assembly.	Refer to the detailed pictorial instructions provided with the product. Ensure parts are oriented correctly before attempting to snap them together. Do not force components if they don't fit; re-check alignment.
Plastic appears discolored or faded.	Prolonged exposure to direct sunlight can cause fading over time. Store the chair indoors or use a protective cover when not in use for extended periods, especially during peak sun hours.

If the problem persists or you encounter an issue not listed here, please contact Keter customer support for assistance.

SPECIFICATIONS

Attribute	Detail
Model Name	Iowa Chair Grafite

Attribute	Detail
Model Number	215526
Brand	Keter
Material	Plastic (Rattan texture)
Color	Grafite (Graphite)
