2. SAFETY INFORMATION

Always observe the following safety precautions to reduce the risk of electric shock, burns, fire, or injury:

- Do not use if the power cord or plug is damaged.
- Keep away from water sources when not in use. Do not immerse the unit in water.
- Unplug from the outlet before cleaning or filling/emptying.
- Do not operate under a blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
- This appliance is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

- Use only as described in this manual.
- Do not stand on or in the foot spa. Use only while seated.
- Consult a doctor before use if you have any medical conditions, especially diabetes, circulatory problems, or open wounds.

6. OPERATING INSTRUCTIONS

The foot spa features a control dial with multiple settings:

- **Position 0: Off**
- **Position 1 (Bubble, Massage & Infra-red Heat):** Activates vibration massage, a stimulatory bubble bath, and heated water.
- **Position 2 (Heat & Blowing):** Provides a comfortable and relaxing foot bath with heated water and air blowing function.

- **Position 3 (Massage & Infra-red):** Engages vibration massage and an infrared source to stimulate blood circulation.
1. **Start:** Sit comfortably and place your feet into the foot spa.
 2. **Select Function:** Turn the control dial to your desired setting (1, 2, or 3).
 3. **Adjust Massage:** For the massage rollers, adjust the pressure by moving your feet over them.
 4. **Nail Dryer:** To use the nail dryer, place your freshly painted nails under the designated dryer vent.
 5. **Finish:** After use, turn the control dial to Position 0 (Off) and unplug the unit.

7. MAINTENANCE

1. **Emptying Water:** After each use, unplug the unit and carefully pour out the water.
2. **Cleaning:** Wipe the interior and exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water.
3. **Pedicure Kit:** Clean the pedicure kit attachments with soap and water, then rinse and allow to air dry.
4. **Storage:** Store the foot spa in a cool, dry place, away from direct sunlight and out of reach of children.

8. TROUBLESHOOTING

If you encounter issues with your foot spa, refer to the following common solutions:

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; power outlet not working; control dial not set.	Ensure the unit is securely plugged into a functional outlet. Turn the control dial to a numbered setting (1, 2, or 3).
No bubbles or vibration.	Incorrect setting selected; air jets blocked.	Ensure the control dial is set to Position 1 or 3. Check for any obstructions in the air jets.
Water is not heating.	Incorrect setting selected.	Ensure the control dial is set to Position 1 or 2, which include heating functions. Note that the unit maintains warmth, it does not rapidly heat cold water.
