## OPERATING INSTRUCTIONS

The Big E Langston action figure is designed for interactive play. Utilize its multiple points of articulation to:

- **Pose:** Bend and rotate the figure's limbs at the joints (shoulders, elbows, hips, knees) to create various wrestling stances and action poses.
- **Battle:** Pair the figure with other WWE action figures to simulate wrestling matches. The articulation allows for dynamic grappling and striking actions.
- **Display:** Position the figure in your preferred pose for display on a shelf or desk.

Handle the figure with care, especially when manipulating joints, to prevent damage.

## MAINTENANCE

To ensure the longevity and appearance of your Big E Langston action figure, follow these maintenance guidelines:

- **Cleaning:** Wipe the figure gently with a soft, slightly damp cloth to remove dust and dirt. Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the paint or plastic.
- **Storage:** Store the figure in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause colors to fade.
- **Handling:** Avoid excessive force when posing the figure, particularly at the joints, to prevent breakage.

## TROUBLESHOOTING

If you encounter any issues with your action figure, consider the following:

- **Stiff Joints:** If a joint feels stiff, gently manipulate it back and forth a few times. Avoid forcing it, as this may cause damage.
- **Loose Joints:** Over time, joints may become slightly looser with extensive play. This is typical wear and tear for articulated figures.
- **Paint Scratches/Wear:** Minor paint wear can occur with regular handling and play. This is normal for action figures.

For issues not covered here, please refer to the support section.
