

## Matchbox B00H7MJSTS

# Matchbox Racing Action Pack User Manual

Model: B00H7MJSTS

## INTRODUCTION

This user manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your Matchbox Racing Action Pack. Please read this manual thoroughly before use to ensure safe and optimal performance. This product is designed for use with Matchbox Motorcity playsets.

## PACKAGE CONTENTS

Image: The Matchbox Racing Action Pack as it appears in its original packaging, showcasing the die-cast race car and various accessories, including a pit stop sign, a fuel pump, and a flag.

The Matchbox Racing Action Pack typically includes:

- One (1) Die-Cast Race Car
- One (1) Pit Stop Sign

- One (1) Fuel Pump Accessory
- One (1) Racing Flag Accessory
- Additional track or connection pieces (may vary by specific pack)

Please verify all components are present upon opening the package.

## SETUP

---

The Matchbox Racing Action Pack is designed for easy integration with existing Matchbox Motorcity playsets. No complex assembly is required for the main components.

### Connecting Accessories

1. **Pit Stop Sign:** Locate the designated slot on your Motorcity playset track or base where the pit stop sign can be inserted. Gently push the base of the sign into the slot until it is secure.
2. **Fuel Pump:** The fuel pump accessory can be placed freely on any flat surface near your playset, or it may have a small peg to connect to specific playset features.
3. **Racing Flag:** Similar to the fuel pump, the racing flag can be positioned as desired to enhance the racing environment.

Ensure all accessories are stable and do not obstruct the movement of the race car on the track.

## OPERATING INSTRUCTIONS

---

The Matchbox Racing Action Pack enhances imaginative play with your Motorcity playsets. The die-cast race car is designed for manual operation on compatible tracks.

### Using the Race Car

- Place the die-cast race car onto any compatible Matchbox track section.
- Push the car manually along the track to simulate racing.
- Utilize playset features such as launchers, loops, or turns to create dynamic racing scenarios.

### Interacting with Accessories

- **Pit Stop:** Guide your race car into the pit stop area marked by the sign for simulated repairs or refueling.
- **Fuel Pump:** Position the race car next to the fuel pump accessory for a simulated refueling stop.
- **Racing Flag:** Use the flag to signal the start or end of a race, or to indicate a caution period.

The accessories are static elements designed to enrich the play experience and do not have moving parts or electronic functions.

## MAINTENANCE

---

Proper maintenance ensures the longevity and appearance of your Matchbox Racing Action Pack components.

- **Cleaning:** Wipe the die-cast car and plastic accessories with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the paint or plastic.
- **Storage:** Store the components in a clean, dry place away from direct sunlight and extreme temperatures to prevent fading or warping.
- **Inspection:** Periodically inspect the race car for loose wheels or damaged parts. While die-cast cars are durable,

excessive force can cause damage.

This product contains small parts and is not suitable for children under 3 years. Adult supervision is recommended during play.

## TROUBLESHOOTING

This section addresses common issues you might encounter with your Matchbox Racing Action Pack.

| Problem                           | Possible Cause                                     | Solution                                                                                                     |
|-----------------------------------|----------------------------------------------------|--------------------------------------------------------------------------------------------------------------|
| Race car does not roll smoothly.  | Debris on wheels or axles; bent axle.              | Clean wheels and axles with a soft brush. Inspect axles for bends; if bent, the car may require replacement. |
| Accessories do not stand upright. | Improper insertion into playset; uneven surface.   | Ensure accessories are fully inserted into designated slots. Place on a flat, stable surface.                |
| Parts appear damaged or broken.   | Excessive force during play; manufacturing defect. | Discontinue use of damaged parts. Contact customer support if believed to be a manufacturing defect.         |
