

YOGASLEEP M1DSUSWH

Yogasleep Dohm Classic White Noise Sound Machine User Manual

MODEL: M1DSUSWH

Brand: YOGASLEEP

1. INTRODUCTION

Welcome to the Yogasleep Dohm Classic experience. This sound machine is designed to create a soothing acoustic environment, promoting better sleep, enhancing privacy, and effectively masking disruptive noises. Utilizing a real fan, it generates natural, fan-based white noise, a signature feature since 1962.

The Yogasleep Dohm Classic White Noise Sound Machine, showcasing its simple and functional design.

**Give sleep a
chance with
the original
sound machine.**

The Dohm Classic seamlessly integrates into a bedroom setting, ready to provide a restful environment.

2. IMPORTANT SAFETY INFORMATION

CAUTION:

- To prevent risk of electric shock, do not operate the sound machine if the power cord is damaged.
- To avoid potential hearing damage, do not use the sound machine at high volumes for extended periods.

3. SETUP GUIDE

Setting up your Dohm Classic is straightforward:

1. Unpack the Dohm Classic from its packaging.
2. Place the unit on a stable, flat surface near a 120V AC power outlet.

3. Plug the 7-foot power cord into the electrical outlet.

Intuitive, Easy-to-Use Controls

*6ft 120V A/C power cable included

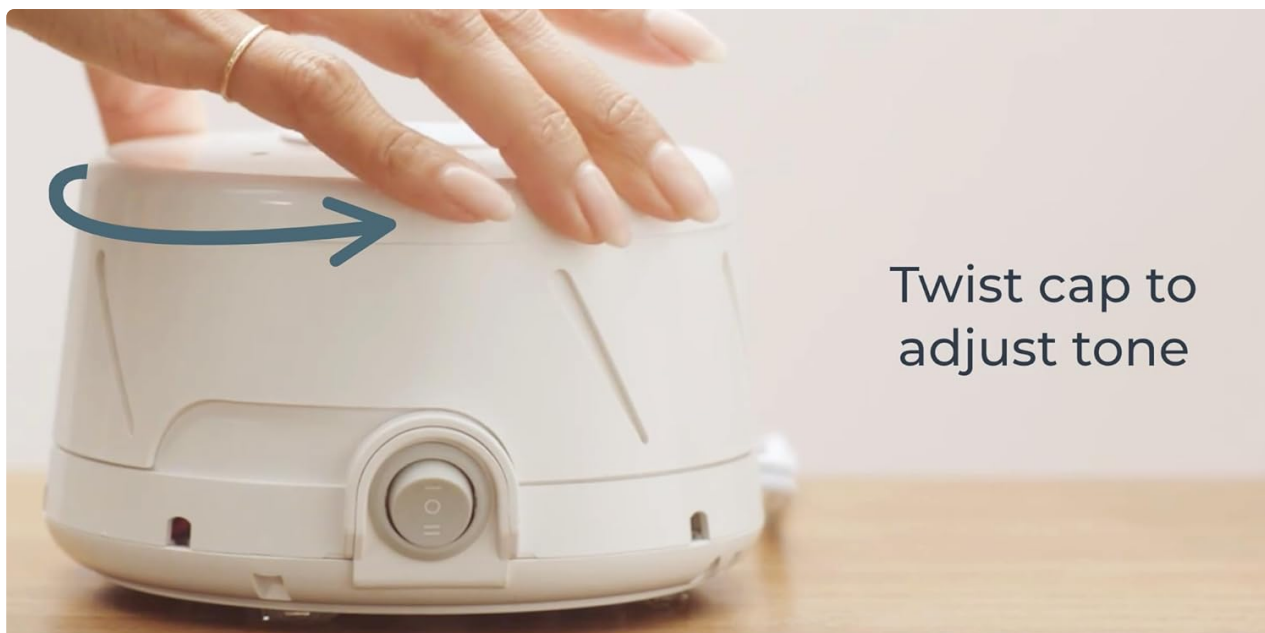

The Dohm Classic features intuitive, easy-to-use controls and includes a 6ft 120V A/C power cable.

4. OPERATING INSTRUCTIONS

The Dohm Classic offers simple controls for a customized sound experience:

1. **Power On/Off:** Locate the switch on the side of the unit. Flip it to the 'I' position for low speed or 'II' for high speed to turn the machine on. Flip to 'O' to turn it off.
2. **Adjust Tone:** Rotate the top cap of the unit to adjust the tone of the white noise. This changes the pitch and character of the sound.
3. **Adjust Volume:** Rotate the collar (the middle section) of the unit to adjust the volume. This allows you to fine-tune the intensity of the sound to your preference.

Twist cap to
adjust tone

Twist collar to
adjust sound

Adjust the tone by twisting the cap and the sound intensity by twisting the collar.

The Dohm Classic can produce sound up to 64.9 dB, sufficient to mask nearby conversations, city traffic, or snoring.

5. FEATURES AND BENEFITS

The Yogasleep Dohm Classic offers a range of features designed to enhance your sleep and environment:

- **Original White Noise:** Features a fan-based natural white noise, producing the soothing ambient sounds of moving air.
- **Customized Sound:** Two speed options (high/low) for adjustable tone and volume, allowing personalized soundscapes.
- **Noise Cancellation:** Excellently cancels background noise for improved sleep for children, adults, office privacy, and soothing sound-sensitive pets.
- **Quality & Craftsmanship:** Handmade in the USA, reflecting over 60 years of expertise in sound machines.
- **Simple Operation:** Easy plug-in and play functionality with intuitive controls for quick adjustments.
- **Versatile Use:** Acts as a natural sleep aid, helps soothe babies, provides tinnitus relief, and offers respite from noisy snorers.

- **Classic Design:** Features a simple, unobtrusive design that blends with any decor. Available in various colors.

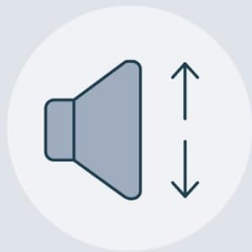

The Original Sound Machine

Natural white
noise

Classic, fan-based
sound

Adjustable tone
and volume

Assembled in
the USA

Key features of the Original Sound Machine: natural white noise, classic fan-based sound, adjustable tone and volume, and assembled in the USA.

The Dohm Classic is a perfect addition to a nursery, providing soothing sounds for infants.

6. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Dohm Classic, follow these simple care instructions:

- **Cleaning:** Simply wipe the exterior of the unit with a damp cloth. Do not immerse the unit in water or use harsh cleaning agents.
- **Air Vents:** Ensure the air vents are not obstructed to allow for proper airflow and sound production.

7. TROUBLESHOOTING

If you encounter any issues with your Yogasleep Dohm Classic, consider the following common solutions:

- **No Sound/Power:** Ensure the power cord is securely plugged into both the unit and a working electrical

outlet. Check the power switch position (I or II).

- **Unusual Noise/Rattling:** Ensure the unit is placed on a flat, stable surface. Check if the cap or collar are properly aligned and not loose. Dust accumulation inside can sometimes cause minor changes in sound; however, internal cleaning should only be performed by authorized service personnel.
- **Sound Too Low/High:** Adjust the volume by rotating the collar and the tone by rotating the top cap.

For persistent issues, please refer to the support section.

8. PRODUCT SPECIFICATIONS

Specification	Detail
Model Number	M1DSUSWH
Item Weight	1.6 pounds
Product Dimensions	5.75 x 5.75 x 3.25 inches
Material Type	Acrylonitrile Butadiene Styrene (ABS)
Power Source	Corded Electric
Color	White

Classic Design Blends In with Any Decor
