Zojirushi SM-KHE48PT

Zojirushi Stainless Mug User Manual

MODEL: SM-KHE48PT

Introduction

Thank you for choosing the Zojirushi Stainless Mug. This vacuum insulated mug is designed to keep your beverages hot or cold for extended periods, offering convenience and reliability for your daily hydration needs. Its compact and durable design makes it an ideal companion for travel, work, or outdoor activities.

Product Features

- **Vacuum Insulation:** Stainless steel vacuum insulation ensures beverages remain hot or cold for hours.
- **Compact Design:** Maximizes capacity while taking up minimal space, making it easy to carry.
- **Flip-Lid with Safety Lock:** Tightly fitted lid for excellent heat retention and a safety lock to prevent accidental opening and spills.
- **Durable & Sanitary Interior:** Features an 18/8 stainless steel interior with a "Slick Steel" finish.
- **Slick Steel Finish:** Created using electro-polishing technology, the non-coated interior is corrosion-resistant and repels foreign substances and stains, ensuring a clean environment for your drinks.
- **Wide Mouth Opening:** Approximately 1.5 inches, allowing for easy filling and cleaning, and accommodating ice cubes.

Lid Mechanism: A close-up of the flip-lid, highlighting the safety lock mechanism for secure closure.

Internal Components: View of the mug's interior and the detachable parts of the lid for thorough cleaning.

The Zojirushi Stainless Mug consists of the main stainless steel body and a multi-part lid assembly. The lid includes a flip-top cap, a drinking spout, and a safety lock. All components are designed for easy disassembly for cleaning.

Setup

1. **Unpack:** Carefully remove the mug and all its components from the packaging.
2. **Initial Cleaning:** Before first use, wash all parts of the mug (body, lid, gaskets) thoroughly with warm water and mild dish soap. Rinse completely.
3. **Assemble:** Ensure all gaskets and lid components are correctly reassembled after cleaning. The lid should click securely into place.

Operating Instructions

1. **Filling:** Open the flip-lid. Pour your desired hot or cold beverage into the mug. Do not overfill; leave a small space (approx. 1 inch) from the rim to prevent spills when closing the lid.
2. **Closing the Lid:** Close the flip-lid firmly until it clicks into place.
3. **Engaging Safety Lock:** Slide the safety lock mechanism (usually a small switch near the lid release button) to the "LOCK" position to prevent accidental opening.
4. **Drinking:** To drink, slide the safety lock to the "UNLOCKED" position, then press the lid release button to open the flip-lid. Drink directly from the spout.

5. **Important Note for Hot Beverages:** Be careful not to scald yourself when the mug contains hot beverages. Do not drink directly from the mug while driving.

Maintenance and Cleaning

Proper cleaning and maintenance will ensure the longevity and hygiene of your Zojirushi Stainless Mug.

- **Hand Wash Only:** This product is not dishwasher safe. Wash all parts by hand with warm water and mild dish soap.
- **Disassembly for Cleaning:** For thorough cleaning, disassemble the lid components, including removing the gaskets. Refer to the internal lid components image for guidance.
- **Cleaning the Interior:** The "Slick Steel" finish is designed to resist stains and odors, making cleaning easy. Use a soft sponge or brush. Do not use abrasive cleaners or scrubbers.
- **Drying:** After washing, ensure all parts are completely dry before reassembling and storing to prevent odor and mold buildup.
- **Deep Cleaning (Optional):** For stubborn stains or odors, a mixture of baking soda and water can be used. Let it sit for a few hours, then rinse thoroughly.

Troubleshooting

Problem	Possible Cause	Solution
Beverage does not stay hot/cold.	Lid not properly sealed; damaged vacuum insulation.	Ensure lid is closed tightly and safety lock is engaged. Check gaskets for proper placement and damage. If problem persists, insulation may be compromised.
Mug leaks.	Lid not closed properly; gaskets are missing or damaged; overfilling.	Ensure lid is securely closed and safety lock is engaged. Check all gaskets for proper placement and condition. Do not overfill the mug.
Unpleasant odor inside mug.	Incomplete cleaning; residue buildup.	Disassemble all lid parts and wash thoroughly. Use a baking soda solution for deep cleaning. Ensure mug is completely dry before storage.

Specifications

Model: SM-KHE48PT

Capacity: 16 Ounces (0.48 Liters)

Color: Lavender

Material: Stainless Steel (18/8 interior)

Approximate Dimensions (H x Dia): 9.5 inches x 2.5 inches (estimated diameter based on typical mug design)
