LEGO Star Wars AT-AT Building Set (75054) Instruction Manual

Model: 75054 | Brand: LEGO

1. PRODUCT OVERVIEW

The LEGO Star Wars AT-AT (All Terrain Armored Transport) Building Set (75054) allows for the construction of a detailed model of the Imperial walker. This set includes components for the AT-AT and five minifigures: an AT-AT pilot, General Veers, a Snowtrooper Commander, and two Snowtroopers. The model features articulated legs, a movable head with a cockpit, automatic shooters, and a body hatch.

Key Features:

- Movable head with cockpit designed to accommodate two minifigures.
- Two automatic shooters integrated into the head section.
- Articulated legs for posing the model.
- Body section that opens with a switch-operated hatch.
- Includes a blaster gun, three blaster rifles, and binoculars as accessories.
- Dimensions: Approximately 33 cm (13 inches) in height, 32 cm (12.6 inches) in length, and 11 cm (4.3 inches) in width.

2. ASSEMBLY INSTRUCTIONS

This LEGO set requires assembly. Detailed step-by-step instructions are provided in the included building manual. Ensure all pieces are accounted for before beginning assembly. Sort pieces by color and size to facilitate the building process.

General Assembly Tips:

- Follow the numerical sequence of the instruction manual carefully.

- Press bricks firmly together to ensure a secure connection.
- Refer to the images in the manual for visual guidance on piece placement.
- If a piece is missing or damaged, contact LEGO Customer Service for assistance.

3. OPERATING INSTRUCTIONS

Once assembled, the LEGO AT-AT model offers several interactive features:

- **Cockpit Access:** The head section opens to reveal a cockpit designed for two minifigures (AT-AT pilot and Snowtrooper).
- **Automatic Shooters:** The head can be moved to aim the two integrated automatic cannons. Projectiles can be loaded and fired from these shooters.
- **Leg Articulation:** The AT-AT's legs are articulated, allowing for various poses. Adjust the legs carefully to maintain balance.
- **Body Hatch:** A switch-operated hatch on the body allows access to the interior. This feature can be used to deploy a Snowtrooper minifigure.
- **Side Hatches:** The side hatches on the body can be opened to access the interior for additional interaction or minifigure placement.

4. MAINTENANCE

To ensure the longevity and appearance of your LEGO AT-AT model, follow these maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For deeper cleaning, use a mild soap solution and a soft cloth, then rinse with clear water and air dry. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic elements.
- **Handling:** Handle the model with care, especially when moving or adjusting articulated parts, to prevent accidental disassembly or damage.

5. TROUBLESHOOTING

If you encounter issues during assembly or with the functionality of your LEGO AT-AT model, consider the following:

- **Missing Pieces:** Double-check the packaging and surrounding area for any small pieces. If a piece is genuinely missing, contact LEGO Customer Service for replacement parts.
- **Loose Connections:** Ensure all bricks are firmly pressed together. Refer to the instruction manual to verify correct placement and connection points.
- **Articulation Issues:** If articulated parts (legs, head) are stiff or do not move correctly, check for any misaligned or incorrectly assembled components that might be causing obstruction.
