SETUP: DISPENSER NOZZLE INSTALLATION

Follow these steps to properly install and prepare the dispenser nozzle for use:

1. **TIGHTLY HOLD** the blue collar (A) of the bottle.
2. While holding the blue collar, **TURN** the nozzle (B) counter-clockwise approximately 1/8 turn until it stops.
3. **PULL** the nozzle **UP** to its highest position.
4. **PUSH** the nozzle **DOWN** to dispense the product.
5. Repeat steps 3-4 until the product flows freely, indicating the pump is primed.

USAGE INSTRUCTIONS: Pots, Pans, Dishes - Use 29-58 mL / 1-2 ounces of DAWN per 37 L / 10 gallon U.S. sink, with the convenient Dawn hand pump (one full stroke = 29 mL / 1 ounce of Dawn). Make up a fresh sink when needed. **FOR FOOD PLANT USE:** Food contact surfaces are to be rinsed with potable water.

INSTRUCCIONES DE USO: Para ollas, sartenes y platos, vierta de 29 a 58 ml/1 a 2 onzas de DAWN por fregadero de 37 L/10 galones (EE. UU.). Para medir, puede usar la práctica bomba de mano de DAWN (un bombeo completo rinde 29 ml/1 onza de DAWN). Renueve el líquido del fregadero cuando sea necesario. **PARA USO EN PLANTAS PROCESADORAS DE ALIMENTOS:** Las superficies que entren en contacto con alimentos deberán enjuagarse con agua potable.

OPERATING INSTRUCTIONS

For Pots, Pans, and Dishes:

- Use 29-58 ml (1-2 ounces) of Dawn per 37.1 liters (10 gallons) of water in a sink.
- If using a convenient Dawn hand pump, one full stroke dispenses approximately 29 ml (1 ounce).
- Make up a fresh sink solution as needed for optimal cleaning performance.

For Food Plant Use:

- Surfaces that come into contact with food must be rinsed with potable water after cleaning with Dawn Professional Dish Detergent.

For General Cleaning Jobs:

- Coat the base of the item to be cleaned with Dawn, then fill the bottle with water.
- For heavy-duty cleaning, make a solution of 9.5 ml (0.32 fl oz) per 2.5 gallons of hot water.

INGREDIENTS

Dawn Professional Dish Detergent Concentrate is formulated to effectively remove greasy food soils. Key ingredients include:

- Sodium Alkyl Sulfate
- Alkyl Ethoxylate Sulfate
- Other cleaning surfactants

This product is also noted to be BPA Free, SLES Free, Phthalate Free, DEA Free, Sulphate Free, Paraben Free, and Phosphate Free.

MAINTENANCE

To ensure the longevity and effectiveness of your Dawn Professional Dish Detergent Concentrate, store the product in a cool, dry place away from direct sunlight. Keep the cap tightly closed when not in use to prevent evaporation and contamination. Regularly clean any dispensing equipment (e.g., pumps, refillable bottles) to maintain hygiene and prevent residue buildup.

TROUBLESHOOTING

- **Insufficient Suds:** If suds are not forming adequately, ensure you are using the recommended amount of detergent for the volume of water. Hard water can sometimes reduce sudsing; consider adding a small amount more detergent.
- **Grease Not Cutting:** For extremely greasy items, pre-scrape excess food. Increase the concentration of detergent or use hotter water. Allow items to soak briefly in the detergent solution before scrubbing.
- **Dispenser Issues:** If the pump is not dispensing, re-check the nozzle installation steps in the "Setup" section to ensure it is fully extended and primed. If the pump is clogged, rinse it thoroughly with warm water.

- **Skin Irritation:** While Dawn is generally mild, prolonged contact with concentrated detergent can cause skin dryness or irritation for some individuals. Use gloves if you experience sensitivity. Rinse skin thoroughly with water after contact.

SPECIFICATIONS

Brand	Dawn
Model Number	PGC08309
Item Form	Liquid
Scent	Other
Specific Uses	Dish Set
Material Feature	Concentrated
Surface Recommendation	Tableware
Recommended Uses	Cleaning
Material Type Free	BPA Free, SLES Free, Phthalate Free, DEA Free, Sulphate Free, Paraben Free, Phosphate Free
