## MARATHON CL030023

### MARATHON Travel and Desktop Alarm Clock (CL030023)

Instruction Manual

#### INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your MARATHON Travel and Desktop Alarm Clock, Model CL030023. Please read this manual thoroughly before using the device to ensure proper function and longevity.

The MARATHON Travel Alarm Clock features an easy-to-read display with a backlight, designed for convenience during travel.

# TRAVEL ALARM CLOCK

Easy-to-read display with light

Front view of the MARATHON Travel and Desktop Alarm Clock, displaying current time, date, and indoor temperature.

## CONTROLS AND DISPLAY OVERVIEW

Familiarize yourself with the clock's buttons and display elements:

- **SET/LOCK/ALM/TIME/CAL Button:** Used to enter setting modes for time, alarm, and calendar, and to lock settings.
- **HR (Hour) Button:** Adjusts the hour in setting modes.
- **MIN (Minute) Button:** Adjusts the minute in setting modes.
- **°C/°F Button:** Toggles between Celsius and Fahrenheit temperature display.
- **12/24 YR Button:** Toggles between 12-hour and 24-hour time format, and adjusts the year in calendar setting.
- **Light/Snooze Button:** Activates the backlight and the snooze function when the alarm sounds.
- **ALM ON/OFF Switch:** Activates or deactivates the alarm.

## EASY-TO-USE

Accessible side  
and front buttons

## LOUD ALARM

With progressive  
interval ring

## SLEEK DESIGN

Stylish at home  
or on-the-go

Close-up of the control buttons located on the front and side of the alarm clock.

# DYNAMIC DISPLAY

Time (12/24 H) • Calendar • Temperature (°C & °F)

The dynamic display shows time, calendar information (month, date, day), and indoor temperature.

## SETUP

### 1. Battery Installation

1. Locate the battery compartment on the back of the clock.
2. Open the battery compartment cover.
3. Insert one AAA battery, ensuring the correct polarity (+/-).
4. Close the battery compartment cover securely.

### 2. Initial Time and Date Setting

1. Press and hold the **SET** button until the time display begins to flash.
2. Use the **HR** and **MIN** buttons to set the current hour and minute.
3. Press **SET** again to move to the date setting. Use **HR** and **MIN** to set the month, date, and year. The **12/24 YR** button can be used to adjust the year.
4. Press **SET** once more to confirm and exit the setting mode.

### 3. Setting 12/24-Hour Format and Temperature Unit

- To switch between 12-hour and 24-hour time display, press the **12/24 YR** button when not in setting

mode.

- To switch between Celsius (°C) and Fahrenheit (°F) temperature display, press the **°C/°F** button.

## OPERATING INSTRUCTIONS

### 1. Setting the Alarm

1. Slide the **ALM ON/OFF** switch to the 'ON' position. An alarm icon will appear on the display.
2. Press and hold the **ALM** button until the alarm time begins to flash.
3. Use the **HR** and **MIN** buttons to set your desired alarm time.
4. Press **ALM** again to confirm and exit the alarm setting mode.

### 2. Using the Snooze Function

When the alarm sounds, press the large **Light/Snooze** button to activate the snooze function. The alarm will temporarily stop and sound again after a few minutes.

### 3. Activating the Backlight

Press the large **Light/Snooze** button to illuminate the display for approximately five seconds. This provides maximum illumination while being gentle on the eyes.

### 4. Folding and Positioning

The clock features a built-in stand. To position the clock, flip out the stand and rotate the clock face 180 degrees. This allows for stable placement on a desk or bedside table, and makes it compact for travel.

# LIGHTWEIGHT AND COMPACT

The compact design of the alarm clock makes it easy to hold and transport.

## MAINTENANCE

### Battery Replacement

When the display dims or the clock stops functioning, it is time to replace the AAA battery. Follow the battery installation steps in the Setup section. The clock's low power consumption ensures a maximum lifespan for the included AAA battery.

### Cleaning

Wipe the clock with a soft, dry cloth. Avoid using abrasive cleaners or solvents, as these may damage the display or casing.

## TROUBLESHOOTING

- **Display is blank or dim:** Replace the AAA battery. Ensure the battery is inserted with correct polarity.
- **Alarm not sounding:** Check if the **ALM ON/OFF** switch is in the 'ON' position. Verify the alarm time is set correctly.
- **Incorrect time or date:** Re-enter the time and date settings as described in the Setup section.

- **Temperature reading is inaccurate:** Ensure the clock is placed in an area with stable ambient temperature, away from direct heat sources or drafts.

SPECIFICATIONS
