## Prince Castle 943-B

# Prince Castle Tomato Saber 943-B Instruction Manual

Model: 943-B | Brand: Prince Castle

## 1. INTRODUCTION

---

This manual provides comprehensive instructions for the safe and effective use, setup, operation, and maintenance of your Prince Castle Tomato Saber 943-B. This device is designed for efficiently slicing tomatoes into 1/4-inch sections, primarily for quick-service operations. Adherence to these instructions will ensure optimal performance and longevity of the product.

## 2. SAFETY INFORMATION

---

- **Sharp Blades:** The Prince Castle Tomato Saber contains extremely sharp blades. Exercise extreme caution during assembly, operation, cleaning, and disassembly to prevent injury. Always handle blades by their non-cutting edges or housing.
- **Stable Surface:** Always operate the slicer on a stable, flat, and non-slip surface to prevent accidental movement or tipping.
- **Intended Use:** This device is designed exclusively for slicing tomatoes. Do not attempt to slice other fruits, vegetables, or materials, as this may damage the unit or cause injury.
- **Hand Wash Only:** The unit requires hand washing. Do not place any components in a dishwasher, as this may damage materials and dull blades.
- **Keep Clear:** Ensure hands and fingers are clear of the slicing area and blades during operation. Use the designated push handle and tomato holder.
- **Children and Unauthorized Personnel:** Keep the device out of reach of children and ensure only trained personnel operate the slicer.

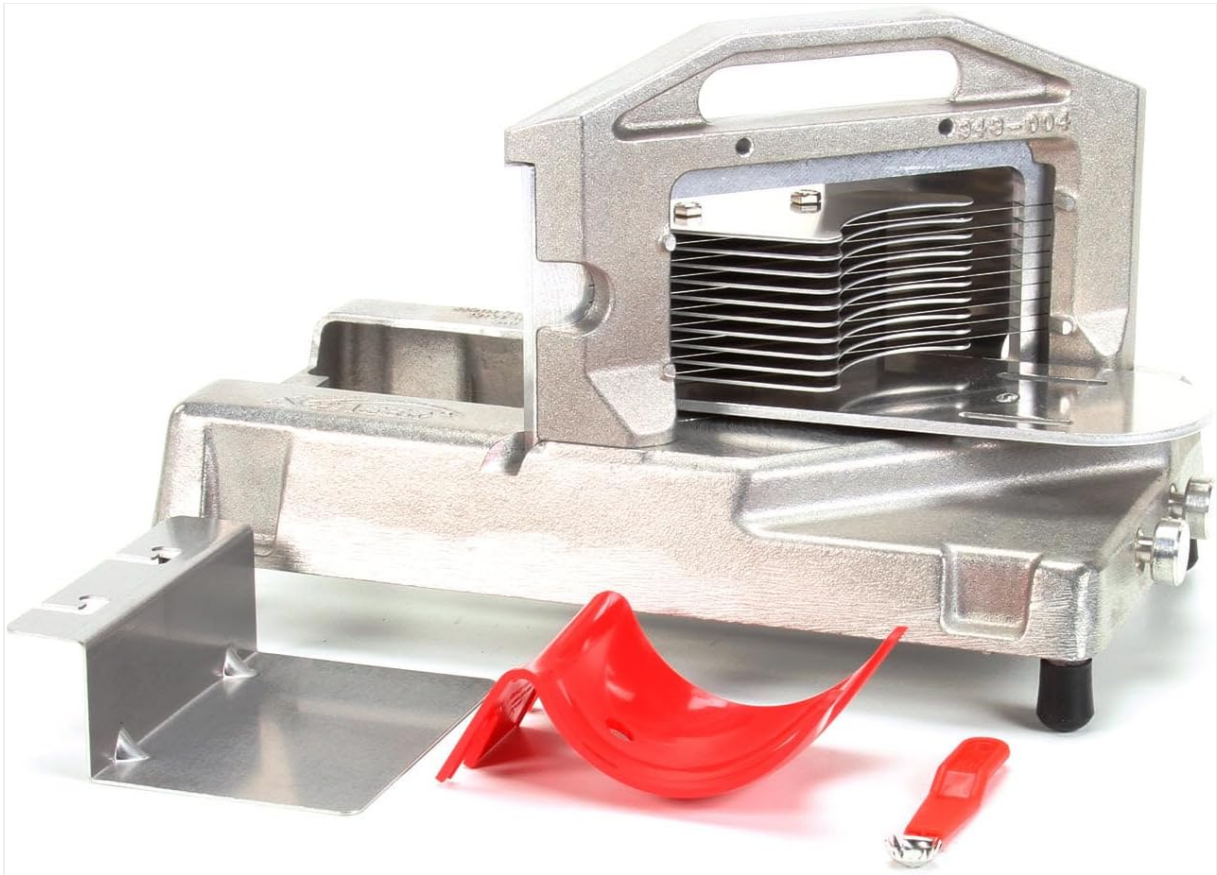

## 3. COMPONENTS OVERVIEW

---

The Prince Castle Tomato Saber 943-B typically includes the following components:

- Main Slicer Unit with Integrated Blades

- Tomato Holder/Chute (Red)
- Push Handle/Plunger
- Cleaning Tool (Small, Red)

**Figure 1:** Overview of the Prince Castle Tomato Saber 943-B, showing the main slicer unit, the red tomato holder, and the small red cleaning tool.

#### 4. SETUP

1. **Unpack:** Carefully remove all components from the packaging. Inspect for any damage.
2. **Clean:** Before first use, thoroughly clean all components that will come into contact with food. Refer to the "Maintenance and Cleaning" section for proper cleaning procedures.
3. **Position:** Place the main slicer unit on a clean, stable, and level work surface. Ensure the rubber feet are securely gripping the surface.
4. **Attach Tomato Holder:** Slide the red tomato holder/chute into its designated slot on the slicer unit. Ensure it is firmly seated.

Figure 2: Angled view of the slicer, illustrating the attachment point for the red tomato holder and the cleaning tool.

## 5. OPERATING INSTRUCTIONS

---

Follow these steps for safe and effective tomato slicing:

1. **Prepare Tomato:** Select a firm, ripe tomato. Wash the tomato thoroughly. For best results, ensure the tomato is not overly soft or bruised.
2. **Position Tomato:** Place the tomato into the red tomato holder/chute. Ensure it is centered and stable.
3. **Initiate Slice:** With one hand firmly holding the slicer unit for stability, use your other hand to grasp the push handle/plunger.
4. **Push Down:** Apply steady, even pressure downwards on the push handle, guiding the tomato through the blades. Do not force the tomato through with excessive speed or uneven pressure, as this can result in uneven slices or damage to the unit.
5. **Collect Slices:** The sliced tomato pieces will exit the bottom of the unit. Position a container to collect the slices.
6. **Repeat:** Lift the push handle and repeat the process for additional tomatoes.

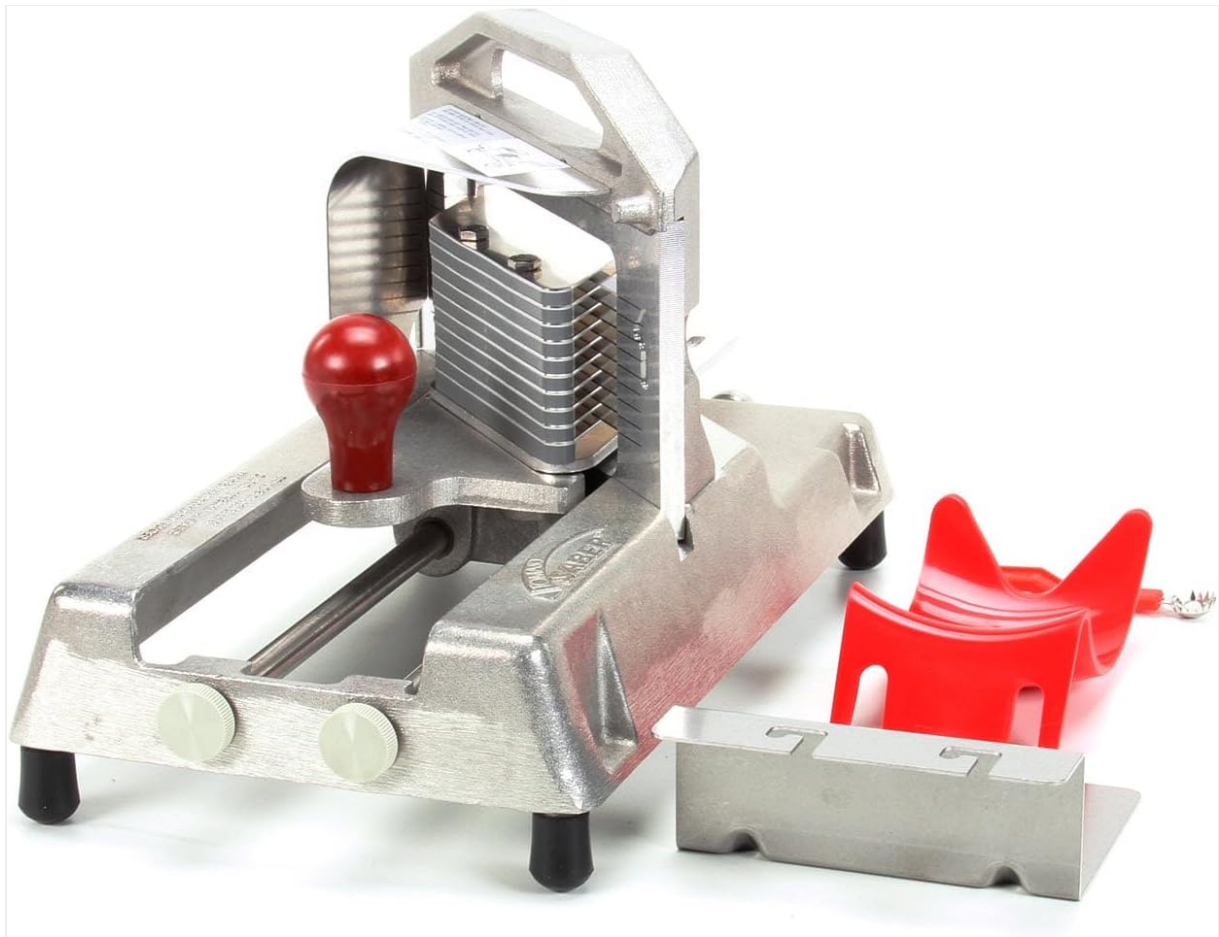

Figure 3: View of the slicer with the red push handle, ready for operation.

## 6. MAINTENANCE AND CLEANING

---

Regular cleaning and maintenance are crucial for hygiene and to maintain the performance of your Tomato Saber.

- **Immediate Cleaning:** Clean the unit immediately after each use to prevent food residue from drying and hardening.
- **Disassembly:** Carefully disassemble the tomato holder and push handle from the main unit.
- **Hand Wash Only:** Wash all components by hand using warm, soapy water and a soft brush or sponge. Pay special attention to the blade area, using the provided cleaning tool to remove any trapped food particles.
- **Rinse Thoroughly:** Rinse all components thoroughly with clean water to remove all soap residue.
- **Dry Completely:** Dry all parts completely with a clean cloth or allow them to air dry before reassembly or storage. Do not store wet components.
- **Blade Care:** Avoid touching the sharp edges of the blades directly. Do not use abrasive cleaners or scouring pads on any part of the unit, especially the blades, as this can dull them or damage the finish.

Figure 4: Rear view of the slicer, highlighting the blade guard and the main handle for transport.

## 7. TROUBLESHOOTING

---

- **Uneven Slices:**

- Ensure the tomato is centered in the holder.
- Apply even, steady pressure on the push handle.
- Check if the tomato is too soft; very soft tomatoes may not slice cleanly.

- **Difficulty Slicing:**

- Ensure the tomato is not excessively hard or unripe.
- Verify that no food debris is obstructing the blades. Clean thoroughly if necessary.
- Blades may be dull. Contact Prince Castle for authorized blade replacement or sharpening services.

- **Unit Not Stable:**

- Ensure the slicer is placed on a dry, clean, and level surface.
- Check if the rubber feet are intact and clean.

## 8. SPECIFICATIONS

---

<b>Brand</b>	Prince Castle
<b>Model</b>	943-B
<b>Operation Mode</b>	Manual
<b>Slice Thickness</b>	1/4 inch (Standard Line)
<b>Recommended Use</b>	Tomato Slicing
<b>Material</b>	Plastic, Stainless Steel
<b>Blade Material</b>	Stainless Steel
<b>Product Dimensions</b>	16 x 11 x 9 inches
<b>Item Weight</b>	12.07 pounds
<b>Product Care</b>	Hand Wash Only

## 9. WARRANTY AND SUPPORT

---

The Prince Castle Tomato Saber 943-B is a genuine OEM replacement part, ensuring compatibility and reliability. For specific warranty information, service, or to inquire about replacement parts, please contact Prince Castle customer support directly.
