nanoblock NBPM_005

nanoblock Pokémon Eevee Building Kit Instruction Manual

Brand: nanoblock | **Model:** NBPM_005

1. Product Overview

The nanoblock Pokémon Eevee Building Kit offers a unique and engaging construction experience. Utilizing original micro-sized building blocks, this kit allows you to create an exquisite 3D work of art with incredible realism and authenticity. The amazingly small bricks, some mere millimeters in size, are manufactured to the highest tolerances for a secure fit, enabling you to build display-worthy sculptures that fit in the palm of your hand. This project helps develop logical thinking, problem-solving, and fine motor skills, providing a superior building experience with greater challenge, sophistication, and detail than many other construction sets.

2. Safety Information

WARNING: CHOKING HAZARD – This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended for younger builders (manufacturer recommended age is 15 years and up).

3. What's in the Box

- Eevee [Pokémon] nanoblock Series Building Kit (approx. 130 pieces)
- Detailed step-by-step instruction sheet

4. Setup and Assembly

Assembly of your nanoblock Eevee model requires careful attention to the included step-by-step instructions. The small size of the bricks (as small as 4mm x 4mm x 5mm) allows for incredible detail and precision. Follow the diagrams provided in the physical instruction sheet to connect each tiny brick, building your Eevee figure layer by layer.

5. Operating the Product

Once assembled, your nanoblock Eevee model is designed as a static collectible. It does not require power or active operation. It is intended for display and appreciation of its detailed construction.

6. Maintenance

To maintain the appearance of your nanoblock Eevee model, gently wipe it with a dry, soft cloth to remove dust. For deeper cleaning, a soft brush can be used to reach into crevices. Avoid using harsh chemicals, abrasive materials, or excessive water, as these may damage the plastic. Store the model away from direct sunlight and extreme temperatures to prevent discoloration or deformation of the bricks.

7. Troubleshooting

- **Missing Pieces:** In the rare event of missing pieces, please contact nanoblock customer support. Provide your model number (NBPM_005) and details of the specific missing components for assistance.
- **Loose Connections:** Due to the micro size of the bricks, some connections may feel less secure than larger building blocks. Ensure each brick is firmly pressed into place. For display models, a small amount of model adhesive can be used on internal, non-visible connections for added stability, though this is not recommended if you plan to disassemble the model.

8. Specifications

Product Dimensions	2.52 x 1.73 x 2.16 inches
Item Weight	1.1 ounces
Item Model Number	NBPM_005
Manufacturer Recommended Age	15 years and up
Release Date	May 1, 2021
Manufacturer	Kawada
Number of Pieces	Approximately 130

9. Warranty and Support

For product support, inquiries, or to report any issues with your nanoblock kit, please visit the official nanoblock website or contact their customer service directly. Please have your model number (NBPM_005) readily available for faster and more efficient assistance.
