Grafcó 1793C-GFSKU

Grafcó 1793C Pediorn Cutter Blades

INSTRUCTION MANUAL

Introduction

This instruction manual provides important information for the safe and effective use of your Grafcó 1793C Pediorn Cutter Blades. Please read this manual thoroughly before installation and operation to ensure proper handling and to prevent injury or damage. Keep this manual for future reference.

These blades are designed for use with compatible corn cutter devices to safely and effectively remove calluses and hardened skin.

Safety Information

- **Sharp Edges:** Blades are extremely sharp. Handle with extreme care to avoid cuts and injuries.
- **Keep Out of Reach of Children:** Store blades in a secure location away from children and pets.
- **Proper Disposal:** Dispose of used blades safely in a puncture-proof container. Do not dispose of loose blades in regular trash.
- **Intended Use:** Use these blades only with compatible corn cutter devices as intended. Do not use for any other purpose.
- **Inspection:** Before each use, inspect the blade for any damage or defects. Do not use damaged blades.
- **Professional Use:** If you are not trained in foot care, consult a professional for advice on using such tools.

Setup and Blade Replacement

This section details the process for safely replacing the Pediorn cutter blades in your device.

Image: Packaging for GrafcO 1793C PEDI-CORN CUTTER BLADES. The box is light grey with red and black text, indicating "DIE IDEALE HORNHAUTKLINGE" and "Corn Cutter Blades" in several languages. The bottom of the box shows "MADE IN GERMANY".

1. **Prepare the Device:** Ensure your corn cutter device is clean and free from debris. If it has a safety lock, engage it.
2. **Remove Old Blade:** Carefully locate the blade housing or retention mechanism on your corn cutter. Following your device's specific instructions, release and remove the old blade. Use caution as the old blade may still be sharp.
3. **Unpack New Blade:** Open the GrafcO 1793C PEDI-CORN CUTTER BLADES box. Carefully slide out a single new blade from its protective wrapping. Avoid touching the sharp edges directly.
4. **Insert New Blade:** Align the new blade with the slot or holder in your corn cutter device. Gently slide it into place until it clicks or locks securely. Ensure the blade is seated firmly and does not wobble.
5. **Secure Device:** If your device has a locking mechanism, ensure it is engaged to hold the blade firmly.
6. **Dispose of Old Blade:** Immediately place the used blade into a designated sharps disposal container.

Operating Instructions

Once the blade is securely installed, follow these general guidelines for operation. Always refer to your specific corn cutter device's manual for detailed operating instructions.

- **Clean Area:** Ensure the area of skin to be treated is clean and dry.
- **Gentle Application:** Apply the corn cutter gently to the hardened skin or callus. Do not apply excessive pressure.
- **Shave Thin Layers:** Carefully shave off thin layers of hardened skin. Avoid cutting too deeply, which can cause injury.
- **Stop if Pain:** Discontinue use immediately if you experience any pain, discomfort, or bleeding.
- **Regular Inspection:** Periodically check the blade for dullness during use. A dull blade can pull or tear skin rather than cut.

cleanly.

Maintenance

Proper maintenance ensures the longevity of your blades and the safety of your device.

- **Cleaning:** After each use, carefully remove the blade (if your device allows for easy removal) and clean the corn cutter device according to its instructions. Blades themselves are disposable and should not be cleaned for reuse.
- **Storage:** Store unused blades in their original packaging in a cool, dry place, away from direct sunlight and moisture.
- **Replacement:** Replace blades regularly to maintain effectiveness and hygiene. Dull blades are less effective and can increase the risk of injury.

Troubleshooting

If you encounter issues, consider the following common solutions:

- **Blade Not Cutting Effectively:**
 - Ensure the blade is new and sharp. Replace if dull.
 - Verify the blade is correctly installed and securely seated in the device.
 - Check if the skin area is properly prepared (clean and dry).
- **Blade Difficult to Install/Remove:**
 - Refer to your specific corn cutter device's manual for precise blade change instructions.
 - Ensure no debris is obstructing the blade slot.
 - Do not force the blade; improper installation can damage the device or cause injury.
- **Device Not Functioning Correctly After Blade Change:**
 - Double-check that the blade is installed correctly and the device is fully assembled.
 - If issues persist, consult the corn cutter device's manual or contact its manufacturer.

Specifications

Brand	Grafcó
Model Number	1793C-GFSKU
Item Part Number	1793C-GFSKU
Country of Origin	USA
ASIN	B00I9QDBWQ
Date First Available	13 June 2024

Warranty and Support

For specific warranty information regarding your Grafcó 1793C Pediorn Cutter Blades, please refer to the packaging or contact Grafcó customer support directly. As these are consumable blades, warranty terms typically cover manufacturing defects rather than wear and tear.

For further assistance or inquiries, please visit the official Grafcó website or contact their customer service department.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
