3. ASSEMBLY INSTRUCTIONS

Due to the immense size of this puzzle, careful planning and a large, dedicated workspace are recommended. The puzzle is divided into 10 sections, each contained in a separate bag. This allows for a modular assembly approach.

1. **Prepare Your Workspace:** Ensure you have a clean, flat, and sufficiently large surface. The final assembled puzzle will require an area of approximately 225 inches by 62 inches. Consider using large puzzle mats or boards that can be moved if necessary.
2. **Sectional Assembly:** Each of the 10 bags contains pieces for a specific section of the puzzle. It is recommended to assemble each section individually. Do not mix pieces from different bags unless you intend to increase the difficulty significantly.
3. **Sorting Pieces:** Begin by sorting pieces within each bag. Separate edge pieces from internal pieces. Further sort by color, pattern, or specific animal features to aid in assembly.
4. **Connecting Sections:** Once individual sections are completed (each measuring approximately 23.5 x 62.25 inches), they can be joined together to form the complete panorama. The included picture sheet will serve as a guide for connecting these sections.
5. **Advanced Tip for Large Puzzles:** For very large puzzles, pieces with specific shapes (e.g., three holes and one arm, or three arms and one hole) are often used for connecting larger segments. Identifying and connecting these early can help establish major divisions within the puzzle, aiding in the placement of other pieces.

4. USAGE AND ENGAGEMENT

Engaging with the Educa Wild Life puzzle is a rewarding experience that enhances concentration and problem-solving skills. This puzzle is designed for manual operation, requiring careful observation and strategic placement of each piece.

- **Patience is Key:** Given the high piece count, completing this puzzle will require significant time and patience. Enjoy the process of discovery and assembly.
- **Collaborative Activity:** While designed for a single user, this puzzle can be a collaborative project for multiple individuals, making it a shared activity.
- **Displaying the Puzzle:** Once completed, the puzzle can be permanently preserved using puzzle glue and mounted for display. Consider the substantial dimensions when planning for display.

5. MAINTENANCE AND CARE

Proper care will ensure the longevity of your puzzle and its components.

- **Puzzle Pieces:** Store pieces in their original bags or other secure containers to prevent loss or damage. Keep them away from moisture, direct sunlight, and extreme temperatures.
- **Wooden Carry Case:** The wheeled wooden carry case provides protection and portability. Inspect the case periodically for any signs of wear or damage. Handle with care, especially when moving, to prevent structural issues.
- **Cleaning:** If necessary, gently wipe puzzle pieces with a dry, soft cloth to remove dust. Avoid using liquids or abrasive cleaners.

6. TROUBLESHOOTING

Addressing common concerns during puzzle assembly.

- **Missing Pieces:** In the rare event of a missing piece, Educa offers a replacement service. Contact Educa customer support with details of the missing piece (section, location on the image) for assistance.
- **Pieces Not Interlocking Securely:** Ensure you are working on a completely flat and stable surface. If pieces feel loose, double-check their orientation and placement. Using a puzzle mat can help keep assembled sections together.
- **Damaged Carry Case:** Upon receipt, carefully inspect the wooden carry case for any damage. If significant damage is present, contact your retailer or Educa customer service immediately.
