Snow Peak ST-050

Snow Peak Jikaro Table ST-050 Instruction Manual

Model: ST-050

INTRODUCTION

Thank you for purchasing the Snow Peak Jikaro Table ST-050. This instruction manual provides important information regarding the setup, operation, maintenance, and safety of your Jikaro Table. Please read this manual thoroughly before using the product and keep it for future reference.

SAFETY INFORMATION

WARNING: Please exercise caution during assembly and handling of the Jikaro Table. Improper use or assembly can lead to injury or damage to the product.

- Always assemble the table on a flat, stable surface.
- Ensure all components are securely connected before use.
- Keep children and pets away from the table during assembly and when a heat source is in use.
- When using with a fire pit, ensure adequate ventilation and maintain a safe distance from flammable materials.
- Allow the table to cool completely before disassembling or storing.
- Do not place excessively heavy items on the table.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- Main unit x 1
- Storage case x 1

- Instruction manual x 1 (This document)

SETUP INSTRUCTIONS

Follow these steps to assemble your Snow Peak Jikaro Table ST-050:

1. **Unpack Components:** Carefully remove all parts from the storage case. Lay them out on a clean, flat surface.

Video: Unpacking the Jikaro Table components from its storage bag. This video demonstrates the initial steps of removing the table parts from its carrying case.

2. **Connect Table Segments:** The Jikaro Table consists of multiple segments. Connect these segments by aligning the hinges and securing them. Ensure a firm connection.

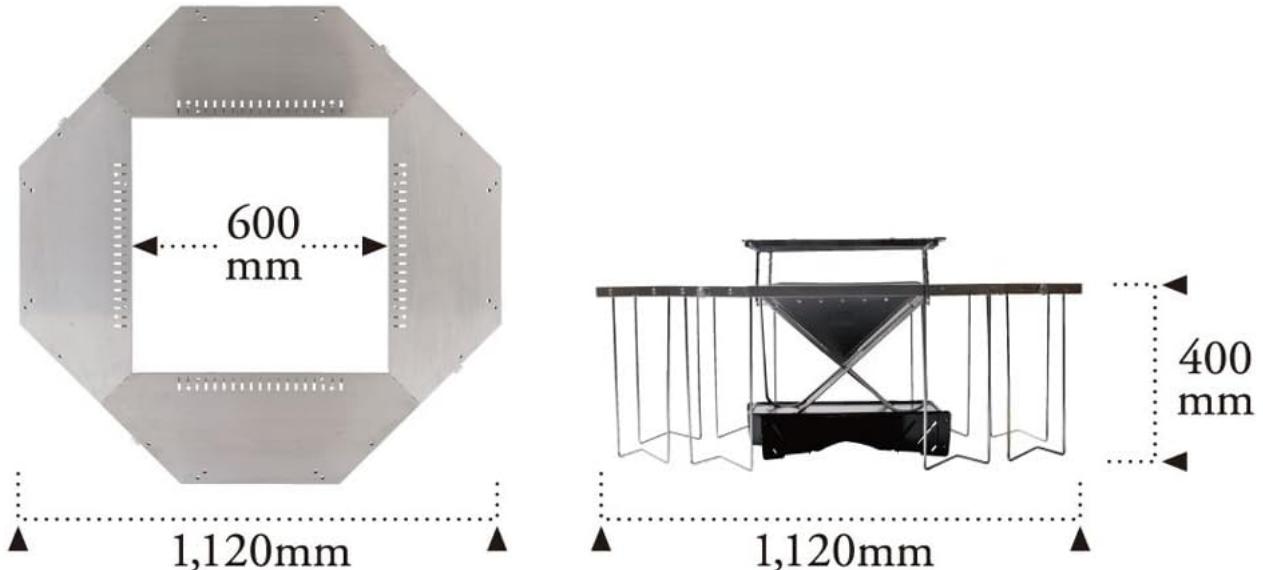

Image: Close-up of two table segments being connected, highlighting the hinge points for secure assembly.

3. **Attach Legs:** Once the main table frame is assembled, attach the legs to the designated slots. Ensure each leg is fully inserted and stable.

OPERATING INSTRUCTIONS

The Jikaro Table is designed to provide a stable and convenient surface for outdoor cooking and dining, especially when paired with a central heat source.

- **With a Fire Pit:** Place a compatible fire pit (e.g., Snow Peak Fire Pit L) in the central opening. The table provides a safe perimeter for dining and placing cooking utensils.
- **With a Stove:** For smaller cooking needs, a compatible stove (e.g., GigaPower Stove) can be placed in the central opening.
- **As a Standalone Table:** The table can also be used without a central appliance, providing a low-height surface for various outdoor activities.

Image: Users enjoying a BBQ with the Jikaro Table, demonstrating its practical use with a central grill.

MAINTENANCE AND CARE

Proper maintenance will extend the life of your Jikaro Table:

- **Cleaning:** After each use, allow the table to cool completely. Wipe down all surfaces with a damp cloth to remove food residues, ash, or dirt. For stubborn stains, use a mild detergent and rinse thoroughly.
- **Drying:** Ensure the table is completely dry before storing to prevent rust or corrosion, especially on stainless steel components.
- **Storage:** Disassemble the table and store it in its provided storage case in a dry, cool place, away from direct sunlight and moisture.
- **Inspection:** Periodically inspect all components for any signs of wear, damage, or loose connections. Replace any damaged parts immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table is unstable.	Uneven ground; legs not fully extended/secured; segments not properly connected.	Move to a level surface. Ensure all legs are fully extended and locked. Recheck all segment connections.
Difficulty assembling segments.	Misalignment of hinges; dirt or debris in connection points.	Ensure hinges are perfectly aligned. Clean any debris from connection points. Do not force parts together.
Stains on stainless steel.	Food residue; heat discoloration.	Clean with a damp cloth and mild detergent. For heat discoloration, specialized stainless steel cleaners may help, but some discoloration is normal with high heat exposure.

SPECIFICATIONS

Model Number: ST-050

Brand: Snow Peak

Materials: Tabletop/Stainless Steel, Legs/Stainless Steel, Leg Tips/Aluminum Alloy

Dimensions (Fire Pit L use): 1120mm (W) x 1120mm (D) x 400mm (H)

Central Opening (Fire Pit L use): 600mm x 600mm

Dimensions (GigaPower Stove use): 890mm (W) x 890mm (D) x 400mm (H)

Central Opening (GigaPower Stove use): 370mm x 370mm

Storage Dimensions: 745mm x 170mm x 400mm

Weight: 10.5 kg (23 lbs)

Color: Uncolored (Natural Metal Finish)

Gender Target: Unisex
