MAINTENANCE

Proper care and storage will ensure the longevity of your LEGO DUPLO set.

Cleaning:

- Clean DUPLO bricks with a soft cloth dampened with mild soap and water.
- Rinse thoroughly with clean water.
- Allow bricks to air dry completely before storing.
- Do not use hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.

Storage:

Store all DUPLO pieces in the provided green storage box when not in use. This helps to keep the set organized and prevents loss of individual pieces.
