# Camaflexi Panel Style Solid Wood Twin-Over-Twin Bunk Bed with Drawers

Model: C923\_DR

## 1. IMPORTANT SAFETY INFORMATION

---

Read all instructions carefully before assembly and use of this bunk bed. Keep this manual for future reference. Failure to follow these warnings could result in serious injury.

- **Weight Limit:** The total weight capacity for this bunk bed is 650 pounds. Do not exceed this limit.
- **Top Bunk Age Restriction:** The top bunk is intended for use by children 6 years of age and older.
- **Guardrails:** Always use the guardrails on both sides of the upper bunk. Ensure guardrails are properly installed and secured.
- **Mattress Requirements:** Use only a standard Twin size mattress (not included) on both bunks. Ensure the mattress thickness does not exceed the maximum recommended height to maintain proper guardrail effectiveness.
- **Ladder Safety:** Always use the ladder for entering and exiting the upper bunk. Ensure the ladder is securely attached. The ladder features extra-wide, deeply grooved steps for added safety.
- **No Horseplay:** Prohibit horseplay on or under the bed. Do not allow more than one person on the upper bunk.
- **Openings:** Periodically check and ensure that all openings in the bed structure are free from obstructions and that all connections are tight.
- **Child-Safe Finish:** This product features a child-safe protective finish.
- **Compliance:** This bunk bed meets or exceeds all ASTM and US Government safety standards for bunk beds.
- **Ventilation:** Ensure adequate ventilation around the bed.

## 2. PRODUCT OVERVIEW

---

The Camaflexi Panel Style Solid Wood Twin-Over-Twin Bunk Bed with Drawers is a versatile and durable furniture piece designed for flexibility and space-saving. Constructed from 100% natural, solid wood from sustainable sources, it offers a clean, panel-style aesthetic.

- **Convertible Design:** This bunk bed can be separated into two individual Twin beds, adapting to changing needs.
- **Integrated Storage:** Includes two under-bed drawers for convenient storage of clothes, toys, or other items.
- **Sturdy Construction:** Features a slat roll foundation reinforced with an extra-sturdy center rail support system (dual center rail support for the bottom Twin bed).
- **Side-Attached Ladder:** The ladder is designed for safety and can be positioned on either side of the bed due to interchangeable safety guard rails.

### 3. SETUP AND ASSEMBLY

---

Assembly of the Camaflexi bunk bed is required. It is recommended to have two adults for assembly. Please ensure all parts and hardware are present before beginning.

#### 3.1. Before You Begin

- Unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratching.
- Verify that all parts listed in the packing list are present. If any parts are missing or damaged, do not proceed with assembly. Contact customer support.
- Tools typically required for assembly include a Phillips head screwdriver and an Allen wrench (often included with hardware).

#### 3.2. Assembly Steps (General Guidelines)

*Note: Detailed, step-by-step assembly instructions with diagrams are typically included in the product packaging. Refer to those specific instructions for precise guidance. The following are general steps.*

1. Assemble the headboards and footboards for both the upper and lower bunks.
2. Attach the side rails to form the bed frames for both bunks. Ensure all connections are secure.
3. Install the slat roll foundations into both bed frames. The bottom Twin bed features a dual center rail support system for added stability.
4. Stack the upper bunk frame onto the lower bunk frame, securing them together using the provided connectors.
5. Attach the safety guard rails to the upper bunk. The guard rails are interchangeable, allowing you to position the ladder on either side.
6. Attach the side-attached ladder to the upper bunk, ensuring it is firmly secured.
7. Assemble the two under-bed drawers and slide them into position under the lower bunk.
8. Once fully assembled, double-check all bolts and screws to ensure they are tightened.

### 3.3. Converting to Two Individual Beds

The Camaflexi bunk bed is designed to separate into two independent Twin beds. To convert:

1. Remove the ladder and any guardrails from the upper bunk.
2. Carefully unfasten the connectors that join the upper and lower bunk frames.
3. Gently lift and remove the upper bunk frame.
4. Position both Twin bed frames in your desired locations. Ensure all components are stable and secure in their new configuration.

## 4. OPERATING INSTRUCTIONS

---

### 4.1. Using the Bunk Bed

- Ensure mattresses are properly placed on the slat foundations.
- Always use the ladder to access the top bunk. Do not climb on the side rails or head/footboards.
- Remind users of the weight limit and age restrictions for the top bunk.

### 4.2. Using the Under-Bed Drawers

- The two under-bed drawers slide smoothly on their runners.
- Pull the drawers out gently using the integrated handles.
- Push the drawers back in fully to keep them neatly stored under the bed.
- Avoid overloading the drawers to ensure smooth operation and prevent damage.

## 5. MAINTENANCE

---

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the wood finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connectors. Tighten any loose hardware to ensure the bed remains stable and safe.
- **Wood Care:** Protect the wood from direct sunlight and extreme temperature changes to prevent warping or cracking.

## 6. TROUBLESHOOTING

---

- **Squeaking/Wobbling:** If the bed squeaks or wobbles, check all assembly points. Tighten any loose bolts or screws. Ensure the bed is on a level surface.
- **Drawers Sticking:** Ensure the drawers are not overloaded. Check the drawer runners for any obstructions or damage.
- **Ladder Instability:** Verify that the ladder hooks are fully engaged and secured to the upper bunk rail.
- **Missing Parts:** If you discover missing parts during assembly, refer to the contact information in the Warranty & Support section.
