4. SETUP

4.1 Charging the Speaker

1. Locate the Micro-USB charging port on the speaker.
2. Connect the Micro-USB charging cable to the speaker and the other end to a USB power source (e.g., computer USB port, USB wall adapter).
3. The charging indicator light will illuminate. A full charge typically takes 3 to 4 hours.
4. Once fully charged, the indicator light will change or turn off, depending on the model.

12 hours

3600mAh lithium polymer Battery, 12 hours non-stop playback.

5. OPERATING INSTRUCTIONS

5.1 Powering On/Off

- To power on, press and hold the Power button until you hear an audible cue or see the indicator light.
- To power off, press and hold the Power button again until the device shuts down.

5.2 Bluetooth Pairing

1. Ensure the speaker is powered on and within 10 meters of your Bluetooth device.
2. The speaker will automatically enter pairing mode (indicated by a flashing LED).
3. On your smartphone, tablet, or other Bluetooth device, enable Bluetooth and search for available devices.
4. Select "Voombox Outdoor" from the list of devices.
5. Once paired, the speaker will provide an audible confirmation, and the LED indicator will become solid.
6. The speaker will automatically reconnect to the last paired device when powered on, if the device is within

range.

5.3 Audio Playback

- **Play/Pause:** Press the Play/Pause button.
- **Volume Up:** Press the "+" button.
- **Volume Down:** Press the "-" button.
- **Next Track:** Press and hold the "+" button.
- **Previous Track:** Press and hold the "-" button.

5.4 Hands-Free Calling

- **Answer Call:** Press the Call button (often the Play/Pause button) when a call comes in.
- **End Call:** Press the Call button again to end the call.
- **Reject Call:** Press and hold the Call button to reject an incoming call.
- **Redial Last Number:** Double-press the Call button.

6. MAINTENANCE

Proper care will extend the life of your Divoom Voombox Outdoor Speaker:

- **Cleaning:** Use a soft, damp cloth to wipe the speaker's surface. Do not use harsh chemicals or abrasive cleaners.
- **Water Resistance:** While the speaker is weather-resistant (IP44), it is not designed for submersion. Ensure all port covers are securely closed before exposure to water splashes.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To maintain battery health, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in use for extended periods.

7. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|------------------------------------|---|--|
| Speaker does not power on. | Battery is depleted. | Charge the speaker for 3-4 hours. |
| Cannot pair with Bluetooth device. | Speaker is not in pairing mode or too far. | Ensure speaker is on and within 10m. Turn Bluetooth off/on on your device. Forget previous pairings. |
| No sound or low volume. | Volume too low on speaker or source device. | Increase volume on both the speaker and your connected device. |
| Sound distortion. | Volume too high or weak Bluetooth signal. | Reduce volume. Move speaker closer to the source device. |

8. SPECIFICATIONS
