## 3. SETUP

1. **Unfold the Gameboard:** Place the gameboard on a flat, stable surface.
2. **Assemble the Spinner:** Attach the arrow to the cardboard spinner base. Ensure the arrow spins freely.
3. **Choose Character Movers:** Each player selects one character mover (Minnie Mouse, Figaro, or Daisy Duck).

4. **Starting Position:** Place all chosen character movers on the "Start" space of the gameboard.

The game is designed for 2-3 players, with a recommended minimum age of 3 years.

## 4. OPERATING (HOW TO PLAY)

---

The game proceeds in turns, with players moving their character movers along the path based on the spinner's outcome. The goal is to be the first to reach Minnie's Sweet Shop.

### Game Flow:

1. **Determine First Player:** The youngest player typically goes first, or players can decide among themselves.
2. **Spin the Spinner:** On your turn, spin the arrow on the spinner.
3. **Move Your Character:** Move your character mover to the next space on the path that matches the color indicated by the spinner. If the spinner lands on a special character space, move your character directly to the corresponding character space on the board.
4. **Special Spaces:** Some spaces may have special instructions or shortcuts. Follow any directions indicated on these spaces.
5. **Winning the Game:** The first player to land on or pass Minnie's Sweet Shop space at the end of the path wins the game.

This game primarily involves race and spinner/movement mechanics, making it suitable for young children.

## 5. MAINTENANCE

---

Proper care will extend the life of your game components:

- **Storage:** Store all game components in their original box in a cool, dry place away from direct sunlight.
- **Cleaning:** Wipe the gameboard and plastic character movers with a dry, soft cloth if they become dusty. Avoid using liquids or abrasive cleaners.
- **Handling:** Handle the cardboard gameboard and spinner base with care to prevent bending or tearing.

## 6. TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

- **Spinner Not Working Properly:** Ensure the spinner arrow is securely attached to its base and that there is no obstruction preventing it from rotating freely. If the arrow is bent, gently straighten it.
- **Character Movers Obscuring Spaces:** The character movers are designed for easy handling by small hands. If their bases obscure the color of the space they are on, players should verbally confirm the color of their current space before spinning, or slightly adjust the mover to reveal the space.
- **Missing Components:** If any components are missing upon opening the box, please refer to the "Warranty and Support" section for contact information.
