Operating (How to Play)

The objective of the game is to be the first player to collect and connect all five pieces of your Tiara puzzle.

Gameplay Turn:

1. On your turn, spin the spinner to determine how many spaces to move your character mover.
2. Move your character mover clockwise around the board the indicated number of spaces.
3. Follow the instructions on the space where you land.

Landing on Spaces:

- **Royal Lesson Spaces:** If you land on an unclaimed Royal Lesson space, you may claim it by placing one of your Lesson Book tokens on it. If you land on a Royal Lesson space already claimed by another player, you must 'teach' them a lesson, which may involve giving them a Tiara puzzle piece or other actions as specified by the game rules.

- **Headmistress Spell Spaces:** When you land on a Headmistress Spell space, draw a Headmistress Spell card.
- **Amulet of Avalor:** To reveal the secret message on a Headmistress Spell card, insert the card into the Amulet of Avalor card reader. The message will instruct you on what to do, such as collecting a Tiara puzzle piece or moving to a different space.
- **Cedric's Lair:** Be cautious not to land on Cedric's Lair, as this space may cause you to lose a turn or incur other penalties.
- **GO Space:** Passing or landing on the 'GO' space allows you to collect a Tiara puzzle piece.
