Brady 127183

Brady 127183 Fire Safety Sign User Manual

Model: 127183

1. PRODUCT OVERVIEW

The Brady 127183 Fire Safety Sign is designed to clearly identify the location of a fire alarm and instruct individuals to call the fire department during an emergency. This sign serves as a crucial visual aid for emergency procedures and helps guide personnel to appropriate actions.

Key features of this sign include:

- Constructed from B-401 plastic material for durability.
- Features round-cornered panels with pre-punched holes for easy application to rigid surfaces.
- Offers good resistance to chemicals and abrasion, ensuring longevity.
- Designed for an average expected outdoor life of 3-5 years.

The sign prominently displays the legend:**"FIRE ALARM CALL FIRE DEPT."**

Figure 1: Brady Fire Safety Sign, Model 127183. This image displays the Brady Fire Safety Sign. The sign is rectangular with a white background. Prominently displayed in large, bold red capital letters are the words 'FIRE ALARM' on the top line and 'CALL FIRE DEPT.' on the bottom line. In the bottom center, smaller text includes 'BRADY® #127184 BRADYID.COM Y2426807' and a barcode. Please note the model number in the image is 127184, while this manual refers to model 127183.

2. INSTALLATION (SETUP)

The Brady 127183 Fire Safety Sign is designed for wall mounting. Follow these guidelines for proper installation:

1. **Select Location:** Choose a highly visible location near the fire alarm or in an area where emergency instructions are critical. Ensure the sign is not obstructed by other objects.
2. **Prepare Surface:** The sign is intended for application to rigid surfaces. Ensure the mounting surface is clean, dry, and smooth.
3. **Mounting:** The sign panels are pre-punched. Use appropriate fasteners (screws, rivets, etc., not included) that are suitable for your chosen mounting surface and the sign's pre-drilled holes. Securely attach the sign to prevent accidental dislodgement.
4. **Orientation:** Ensure the sign is mounted in a landscape orientation, as designed, for correct readability.

3. CARE AND MAINTENANCE

To ensure the longevity and continued effectiveness of your Brady Fire Safety Sign, follow these simple care and maintenance instructions:

- **Cleaning:** Periodically wipe the sign surface with a soft, damp cloth to remove dust and dirt. Avoid using abrasive cleaners or solvents, as these may damage the sign's material or legend.
- **Inspection:** Regularly inspect the sign for any signs of damage, fading, or wear. Ensure the mounting remains secure. If the sign becomes illegible or damaged, replace it promptly to maintain safety standards.
- **Durability:** The B-401 plastic material provides good chemical and abrasion resistance, contributing to its durability in various environments.

4. SPECIFICATIONS

Attribute	Detail
Brand	Brady
Model Number	127183
Product Dimensions	7" Height x 10" Width x 0.39" Depth (17.78 cm x 25.4 cm x 0.99 cm)

5. SAFETY INFORMATION

This sign is a critical component of a facility's fire safety plan. Ensure it is installed correctly and maintained to remain effective. Its purpose is to provide clear, immediate instructions during a fire emergency, directing individuals to activate the fire alarm and contact emergency services.

- Always ensure the sign is visible and unobstructed.
- Regularly check for damage or fading that could impair readability.
- Adhere to local fire safety codes and regulations regarding sign placement and type.
