BePuzzled Licensed 3D Crystal Puzzle Bambi - Model 30988 Instruction Manual

1. PRODUCT OVERVIEW

This manual provides instructions for assembling and caring for your BePuzzled Licensed 3D Crystal Puzzle featuring Walt Disney's Bambi. This puzzle consists of uniquely shaped, interlocking, translucent pieces designed to form a three-dimensional figure.

Safety Information

- **Recommended Age:** This puzzle is intended for individuals aged 12 years and older.
- **Small Parts Warning:** Contains small parts. Not suitable for children under 3 years due to choking hazard.
- **Handling:** Handle pieces with care to avoid breakage.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- 36 x Interlocking 3D Crystal Puzzle Pieces (Bambi figure)
- 1 x Instruction Sheet (may include a diagram)

3. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your 3D Crystal Puzzle. Due to the translucent nature of the pieces, careful observation and patience are key.

1. **Unpack and Sort:** Carefully remove all 36 puzzle pieces from the packaging. It may be helpful to sort pieces by shape or size, though many pieces are similar.
2. **Identify Key Pieces:** Look for the core pieces that form the central structure of the Bambi figure. Often, these are larger or have distinct features.
3. **Consult Diagram (if provided):** If your instruction sheet includes a diagram or numbered sequence, refer to it for guidance on piece placement.
4. **Interlock Pieces:** Begin connecting pieces by gently pushing them together. The pieces are designed to interlock securely. If a piece does not fit easily, do not force it, as this may cause damage. Re-examine the piece and its

potential connection points.

5. **Build Section by Section:** It is often easiest to build the puzzle in sections, such as the body, head, and legs, before connecting them.
6. **Attach Appendages:** The legs and ears are typically among the last pieces to be attached to the main body. Ensure they are oriented correctly.
7. **Final Connections:** Once all sections are assembled, carefully connect them to form the complete Bambi figure.

4. SOLVING THE PUZZLE TIPS

- **Patience is Key:** 3D crystal puzzles can be challenging. Take your time and enjoy the process.
- **Examine Pieces Closely:** Due to their transparency, it can be difficult to distinguish pieces. Rotate them and look at the interlocking tabs and slots from different angles.
- **Work in Good Lighting:** Adequate lighting will help you see the details of each piece more clearly.
- **Reference the Image:** Keep the image of the completed puzzle (on the box or in this manual) handy to visualize the final structure.

5. MAINTENANCE

To keep your 3D Crystal Puzzle in optimal condition:

- **Cleaning:** If the puzzle becomes dusty, gently wipe it with a soft, dry, lint-free cloth. Avoid using abrasive cleaners or harsh chemicals.
- **Storage:** Store the assembled puzzle on a stable surface away from direct sunlight or extreme temperatures to prevent discoloration or warping. If disassembled, keep pieces in their original box or a secure container.
- **Handling:** Always handle the puzzle by its base or main body to avoid putting stress on delicate connections.

6. TROUBLESHOOTING

- **Pieces Not Fitting:** Ensure you are using the correct pieces for the section you are working on. Rotate pieces to try different orientations. Do not force pieces together.
- **Puzzle Falls Apart:** Double-check that all connections are secure. Some pieces may require a firm but gentle push to fully interlock. If a specific connection is consistently loose, ensure there are no defects in the pieces.
- **Missing Pieces:** Carefully check the packaging and your work area. If a piece is genuinely missing, contact customer support.
