SETUP

Charging the Headphones

Before first use, fully charge your Powerbeats2 Wireless headphones. Use the provided universal micro USB cable to connect the headphones to a power source (e.g., computer USB port or USB wall adapter).

- A full charge provides up to 6 hours of playback.
- A 15-minute quick charge can provide approximately 1 hour of playback.

Bluetooth Pairing

To connect your Powerbeats2 Wireless headphones to a device:

1. Ensure your headphones are charged and powered off.
2. Press and hold the power button on the headphones until the LED indicator begins to flash. This indicates pairing mode.
3. On your device (smartphone, tablet, etc.), go to the Bluetooth settings and enable Bluetooth.
4. Select "Powerbeats2 Wireless" from the list of available devices.
5. Once connected, the LED indicator on the headphones will turn solid blue or white, depending on the

model.

The headphones are compatible with a wide range of Bluetooth-enabled devices, including various iPhone, iPad, and iPod models.

OPERATING INSTRUCTIONS

Wearing the Headphones

The Powerbeats2 Wireless headphones feature adjustable ear hooks and multiple eartip sizes to ensure a secure and comfortable fit, especially during physical activity. Experiment with different eartip sizes to find the best seal for optimal sound and stability.

- Place the earbuds into your ears.
- Adjust the flexible ear hooks over the top of your ears until they feel secure.
- Use the cable management clip to adjust the length of the wrap-around cable for a snug fit behind your neck.

Using RemoteTalk Controls

The RemoteTalk cable features inline controls for managing your audio and calls:

- **Volume Up/Down:** Press the '+' or '-' buttons.
- **Play/Pause:** Press the center button once.
- **Skip Track:** Press the center button twice quickly.
- **Previous Track:** Press the center button three times quickly.
- **Answer/End Call:** Press the center button once during a call.
- **Activate Voice Assistant:** Press and hold the center button.

MAINTENANCE

Cleaning

To maintain the performance and longevity of your Powerbeats2 Wireless headphones:

- Wipe the earbuds and cable with a soft, dry, lint-free cloth after each use.
- Do not use abrasive cleaners or submerge the headphones in water.
- Remove eartips periodically and clean them with a mild soap solution, then rinse thoroughly and dry completely before reattaching.

Storage

When not in use, store your headphones in the provided carrying case to protect them from dust, dirt, and damage.

TROUBLESHOOTING

If you encounter issues with your Powerbeats2 Wireless headphones, try the following solutions:

- **No Power:** Ensure the headphones are fully charged. Connect them to a power source using the micro USB cable.
- **Cannot Pair:**

- Make sure Bluetooth is enabled on your device.
- Ensure the headphones are in pairing mode (flashing LED).
- Move the headphones closer to your device.
- Forget the device in your phone's Bluetooth settings and try pairing again.

• **Poor Sound Quality/Intermittent Connection:**

- Ensure there are no obstructions between the headphones and your device.
- Move away from other wireless devices that might cause interference.
- Check eartip fit for proper seal.

• **Controls Not Responding:** Ensure the headphones are connected and charged. Try restarting your device.
