Diesel Women's Eazee Relaxed Boyfriend Jean 0828H - Blue User Manual

Model: 00S8NC0828H

INTRODUCTION

This manual provides essential information for the proper care and use of your Diesel Women's Eazee Relaxed Boyfriend Jean 0828H. Designed for comfort and style, these jeans feature a relaxed fit and a dark wash with slight abrasions, offering a distinctive look. Please read this manual carefully to ensure the longevity and optimal appearance of your garment.

SETUP (FIRST WEAR)

Your Diesel Eazee Relaxed Boyfriend Jeans are ready to wear straight out of the package. For optimal comfort and fit, it is recommended to wash them once before the first wear according to the care instructions provided in the Maintenance section. This can help soften the fabric and remove any manufacturing residues.

OPERATING (WEARING INSTRUCTIONS)

The Eazee Relaxed Boyfriend Jean is designed for a comfortable, loose fit around the hips and thighs, tapering slightly towards the ankle. Its low-rise style sits comfortably on the hips.

- **Fit:** These jeans are intended to be relaxed. If they feel too tight, consider a larger size. If they feel too loose, a smaller size might be more appropriate for your desired relaxed look.
- **Styling:** The ankle-length leg can be worn as is or cuffed for a more casual look.
- **Button Fly:** This model features a button fly closure. Ensure all buttons are securely fastened when wearing.

MAINTENANCE (CARE INSTRUCTIONS)

Proper care is essential to maintain the quality and appearance of your Diesel jeans. Always refer to the care label inside the garment for specific instructions.

- **Washing:** Machine wash cold, inside out, with similar colors. Use a gentle cycle.
- **Detergent:** Use a mild detergent. Avoid bleach or harsh chemicals, as these can damage the fabric and fade the color.
- **Drying:** Tumble dry low or, preferably, hang dry to preserve the fit and prevent excessive shrinkage. If tumble drying, remove promptly.
- **Ironing:** Iron on low heat if necessary, inside out. Do not iron directly on any embellishments or distressed areas.
- **Storage:** Store in a cool, dry place. Fold neatly or hang to prevent creasing.

TROUBLESHOOTING

If you encounter any issues with your Diesel Eazee Relaxed Boyfriend Jeans, consider the following:

- **Shrinkage:** Denim can shrink slightly after the first wash. Follow care instructions carefully to minimize this. Excessive heat during washing or drying can cause more significant shrinkage.
- **Fading:** Denim naturally fades over time. To slow down fading, wash inside out in cold water and air dry.
- **Distress/Abrasions:** The jeans are designed with slight abrasions. These are intentional features and not defects. Handle with care to prevent further, unintended damage.
- **Button Issues:** If buttons become loose, they can often be re-secured with basic sewing skills.
