Senseo Classic Coffee Pods Instruction Manual

Model: SYNCHKG009092

INTRODUCTION

This manual provides essential instructions for the proper use and care of Senseo Classic Coffee Pods. These pods are designed to deliver a medium roast coffee with a smooth, balanced flavor and rich crema, compatible with Senseo and PeleCom coffee machines. Each pack contains 48 pods, providing 48 servings of 100% ground coffee.

SETUP

Before brewing, ensure your Senseo or PeleCom coffee machine is clean and filled with fresh water according to its specific instruction manual. The Senseo Classic Coffee Pods are ready for immediate use.

1. Open the coffee machine's pod holder compartment.
2. Select the appropriate pod holder: use the single pod holder for one cup of coffee, or the double pod holder for two cups.
3. Place one or two Senseo Classic Coffee Pods into the selected pod holder(s), ensuring they lie flat and centered.
4. Close the pod holder compartment securely.

OPERATING INSTRUCTIONS

Brewing coffee with Senseo Classic Coffee Pods is a simple process:

1. Ensure the coffee machine is powered on and the water reservoir is filled.

- Place your cup(s) under the coffee dispenser.
- Press the brew button on your Senseo or PeleCom coffee machine. The machine will automatically brew your coffee.
- After brewing, carefully remove the used pod(s) and rinse the pod holder.

The image shows a Senseo coffee strength selection chart. On the left, there is a graphic with the Senseo logo and the text "Your Selection Brew your bespoke coffee masterpiece!". To the right is a grid with "Water cups" as columns (1-6) and "Pods" as rows (1-12). The cells in the grid are color-coded to indicate coffee strength: LIGHT (yellow), MEDIUM (light green), and STRONG (orange). Cells with a dash (-) indicate that no coffee is brewed for that combination.

Water cups \ Pods	1	2	3	4	5	6
1	LIGHT	-	-	-	-	-
2	STRONG	LIGHT	-	-	-	-
3	-	MEDIUM	LIGHT	-	-	-
4	-	STRONG	MEDIUM	LIGHT	-	-
5	-	-	MEDIUM	-	LIGHT	-
6	-	-	STRONG	MEDIUM	-	LIGHT
7	-	-	-	-	MEDIUM	-
8	-	-	-	STRONG	MEDIUM	-
9	-	-	-	-	-	MEDIUM
10	-	-	-	-	STRONG	-
11	-	-	-	-	-	-
12	-	-	-	-	-	STRONG

MAINTENANCE AND STORAGE

Proper storage and disposal ensure the best coffee experience and product longevity.

Storage

- After opening the package, store Senseo Classic Coffee Pods well-sealed in a cool and dry place.
- For optimal freshness, consume the pods within 2-3 weeks after opening.
- Refer to the bottom of the package for the 'best before' date.

Disposal

- Used coffee pods can typically be disposed of with organic waste or compost, depending on local regulations.
- The packaging material should be recycled according to local guidelines.

TROUBLESHOOTING

If you encounter issues while using your Senseo Classic Coffee Pods, consider the following:

- **Weak Coffee:** Ensure the pod is correctly placed in the pod holder and that you are using the appropriate number of pods for your desired strength (e.g., two pods for a stronger brew). Check your machine's water volume setting.
- **No Coffee Dispensed:** Verify that the water reservoir is filled and the machine is properly descaled. Check if the pod is correctly seated and not blocking the water flow.
- **Coffee Grounds in Cup:** Ensure the pod is not damaged and is placed flat in the pod holder. Clean the pod holder and dispenser thoroughly.
- **Machine Not Functioning:** Refer to your Senseo or PeleCom coffee machine's instruction manual for machine-specific troubleshooting.

SPECIFICATIONS

Feature	Detail
Brand	Senseo
Model Number	SYNCHKG009092
ASIN	B00J70FP0E
Flavor	Classic
Roast Level	Medium Roast
Caffeine Content	Caffeinated
