Sluban M38-B0510

Sluban M38-B0510 Lightning II Fighter Plane Building Set Instruction Manual

Model: M38-B0510

1. Introduction

Thank you for choosing the Sluban M38-B0510 Lightning II Fighter Plane Building Set. This manual provides comprehensive instructions for the assembly, operation, and maintenance of your new building block model. Please read this manual carefully before beginning assembly to ensure a smooth and enjoyable experience.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts.

- This product contains small parts and is **not suitable for children under 3 years of age**
- Adult supervision is recommended during assembly and play, especially for younger children.
- Keep all packaging materials away from children to prevent suffocation.
- Do not put building blocks in the mouth.

3. Package Contents

Before starting assembly, please verify that all components are present. The package should contain:

- 252 building block pieces
- 1 Instruction Manual

If any parts are missing or damaged, please refer to the Troubleshooting section for assistance.

4. Assembly Instructions (Setup)

Follow the step-by-step instructions provided in the included instruction manual to assemble your Lightning II Fighter Plane. It is recommended to sort the building blocks by color and shape before you begin.

1. **Unpack:** Carefully remove all building blocks and the instruction manual from the packaging.
2. **Sort:** Organize the pieces to make them easier to find during assembly.
3. **Follow Manual:** Refer to the detailed diagrams in the separate instruction manual for precise placement of each block. Pay close attention to the orientation of the pieces.
4. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure. Some connections may require extra pressure.

Note: The assembly process may require patience. If parts seem loose, ensure they are correctly aligned and pressed together firmly. Refer to the included manual for specific build steps.

5. Operating Instructions

Once assembled, your Sluban Lightning II Fighter Plane is ready for imaginative play. This model features several movable parts for enhanced interaction:

- **Opening Cockpit:** The cockpit canopy can be opened to place or remove the pilot minifigure.
- **Retractable Landing Gear:** The landing gear can be extended for landing or retracted for flight.
- **Adjustable Engine Nozzle:** The rear engine nozzle may have adjustable elements for dynamic display.

Engage in creative scenarios, simulating flight, take-offs, and landings. The design encourages spatial reasoning and imaginative play.

6. Maintenance

To ensure the longevity of your Sluban building set, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the assembled model and individual blocks with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the building set in a cool, dry place away from direct sunlight and extreme temperatures to prevent warping or discoloration of the plastic.
- **Disassembly:** If disassembling the model, do so carefully to avoid damaging the connection points of the blocks.

7. Troubleshooting

If you encounter any issues during assembly or play, consider the following:

- **Parts Not Fitting:** Double-check the instruction manual to ensure you are using the correct pieces and that they are oriented correctly. Apply firm, even pressure when connecting blocks.
- **Model Instability:** If parts detach easily, ensure all connections are fully secured. Re-examine the assembly steps for any missed or incorrectly placed blocks.
- **Missing Pieces:** In the rare event of missing pieces, please contact Sluban customer support (if available) with your model number and a description of the missing parts.

8. Specifications

Model Number	M38-B0510
Brand	Sluban
Material	Plastic

Number of Pieces	252
Recommended Age	6 - 12 years
Dimensions (L x W x H)	42.5 x 29 x 7 cm (16.7 x 11.4 x 2.8 inches)
Weight	Approximately 0.45 kg (1 pound)
