How to Play (Operating Instructions)

- 1. Determine First Player:** The youngest player typically goes first, or players can decide amongst themselves.
- 2. Spin the Spinner:** On your turn, spin the Paw Patrol spinner. The spinner will land on a specific color.
- 3. Move Your Pup:** Move your pup mover to the next available space of the color indicated by the spinner. Follow the path on the game board.
- 4. Collect Badge Tiles:** If you land on a space with a Paw Patrol badge icon, collect one badge tile of that color from the corresponding pile. Each player can only collect one badge of each color.
- 5. Use Shortcuts:** The game board features special shortcut paths. If you have collected the badge tile corresponding to a shortcut's color, you may use that shortcut to advance further along the path. These shortcuts are indicated by arrows on the board.
- 6. Winning the Game:** The first player to reach the end of the path wins the game.

Game Strategy

While the Paw Patrol Adventure Game is primarily a game of chance due to the spinner, there is a key strategic element: **Badge Tiles and Shortcuts**. Actively collecting badge tiles is crucial. Each badge tile you acquire unlocks a potential shortcut on the board. By strategically using these shortcuts, players can significantly reduce the distance to the finish line, gaining an advantage over opponents. Pay attention to the colors you need to collect to utilize upcoming shortcuts effectively.

Maintenance

- Cleaning:** Wipe the game board, plastic pup movers, and spinner with a soft, dry cloth. For minor spills, a slightly damp cloth can be used, but ensure all components are completely dry before storage.
