### Garnier LGA-108

# Garnier Nutrisse Nourishing Color Creme - 31 Darkest Ash Brown Instruction Manual

Model: LGA-108

## PRODUCT OVERVIEW

---

The Garnier Nutrisse Nourishing Color Creme in 31 Darkest Ash Brown is designed to provide rich, long-lasting hair color with 100% gray coverage. This permanent hair color formula is infused with nourishing fruit oils to leave your hair feeling soft, silky, and looking healthy after coloring.

## IMPORTANT SAFETY WARNINGS

### HAIR COLORANTS CAN CAUSE SEVERE ALLERGIC REACTIONS. IT IS IMPERATIVE TO FOLLOW THESE PRECAUTIONS:

- Do not use if you have already had a reaction to a haircolor product.
- Do not use if you have a sensitive, itchy, or damaged scalp.
- If you have a tattoo, the risks of an allergic reaction may be increased.
- Perform a skin allergy test 48 hours before each use of this product. Remember to buy your product 2 days ahead of time.
- Avoid contact of this product with eyes and skin. If product gets into eyes, rinse immediately.
- Wear gloves provided in kit.
- Thoroughly rinse hair after application.

- Do not use over compound henna or progressive color.
- Wait at least 14 days after bleaching, relaxing or perming before coloring.
- Keep product out of the reach of children.
- Do not apply on children.

**CAUTION: This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness.**

## WHAT'S INSIDE THE BOX

Your Garnier Nutrisse Nourishing Color Creme kit contains everything you need for a complete hair coloring experience:

- Nourishing Creme Developer (Bottle A)
- Nourishing Color Creme (Tube B)
- Fruit Oil Concentrate (Ampoule C)
- Silicone-Free After Color Conditioner (Bottle D)
- Instruction Leaflet
- Gloves

Image: All components included in the Garnier Nutrisse hair color kit: developer, color creme, fruit oil concentrate, conditioner, and instructions.

## PREPARATION

1. **Perform Allergy Test:** 48 hours before coloring, apply a small amount of product mixture to a clean area of skin behind your ear or on the inner bend of your elbow. Do not wash, cover, or disturb the test area. If you experience any reaction, do not use the product.
2. **Gather Supplies:** Ensure you have an old towel, a timer, and a non-metallic bowl (if not using the applicator bottle) ready.
3. **Protect Clothing:** Drape an old towel over your shoulders to protect your clothes from stains.
4. **Wear Gloves:** Put on the gloves provided in the kit before starting the mixing process.

## MIXING THE COLOR

1. Unscrew the cap of the Nourishing Creme Developer (Bottle A).
2. Puncture the seal of the Nourishing Color Creme (Tube B) with the point on the cap. Squeeze the entire contents of Tube B into Bottle A.

3. Snap off the tip of the Fruit Oil Concentrate (Ampoule C) and squeeze the entire contents into Bottle A.
4. Replace the cap on Bottle A and shake vigorously for 60 seconds until the mixture is thoroughly blended.
5. Immediately twist off the applicator tip and begin application. Do not store the mixed product.

## APPLICATION

---

### Full Head Application (First Time Colorers or Significant Root Regrowth)

1. Apply the mixture to dry, unwashed hair, starting at the roots. Work in small sections, ensuring even saturation.
2. Distribute the remaining mixture through the rest of your hair, ensuring all strands are covered.
3. Gently massage the color into your hair.

### Root Touch-Up Application

1. Apply the mixture to dry, unwashed hair, focusing only on the root area where gray hair is visible or where your natural hair color has grown out.
2. Leave on for the recommended development time for roots.
3. After the root development time, apply the remaining mixture to the rest of your hair for the last 5-10 minutes of the total development time to refresh the color.

## DEVELOPMENT TIME

---

- For full head application, leave the color on for 25 minutes.
- For resistant gray hair or if you desire a more intense result, leave on for an additional 5 minutes (total 30 minutes).
- For root touch-up, apply to roots for 20 minutes, then apply to ends for the last 5-10 minutes.

*Note: The mixture may darken during development; this is normal and does not indicate the final color result.*

## RINSING AND CONDITIONING

---

1. Before conditioning, rinse hair thoroughly with lukewarm water until the water runs clear.
2. Apply a generous amount of the Silicone-Free After Color Conditioner (Bottle D), distributing evenly throughout your hair.
3. Leave the conditioner in for 2 minutes.
4. Rinse thoroughly until water runs clear.
5. Style your hair as usual.
6. For continued nourishment and color protection, use Garnier Fructis shampoo and conditioner for color-treated hair.

TRIPLE FRUIT OIL

the only color creme with grape seed oil and a nourishing avocado + olive & shea conditioner.

It gives your hair rich, radiant color from root to tip with up to 100% gray coverage.

## Nourishing

Nutrisse, with a separate ampoule of grape seed oil, starts nourishing while you color. Its unique formula protects against dryness while locking in your radiant color and moisture. The nourishing avocado conditioner is infused with two more fruit oils – olive and shea – for silky, soft, healthy-looking hair.

FRUIT OIL CONCENTRATE

NON-DRIP FORMULA

## Easy Application

Enjoy coloring your hair with Garnier Nutrisse. The non-drip creme formula spreads easily and smells great while you color.

## TIPS FOR BEST RESULTS

---

- For optimal color absorption, ensure your hair is dry and unwashed before application.
- The final color result may vary depending on your natural hair color, hair condition, and previous treatments.
- If your natural hair color is light brown, medium to dark brown, or black, the 31 Darkest Ash Brown shade will provide a rich, dark ash brown result.
